EMTHANJENI LOCAL MUNICIPALITY
ANNUAL FINANCIAL STATEMENTS
for the year ended 30 June 2014

Approval of annual financial statements

I am responsible for the preparation of these annual financial statements, which are set out on pages 1 to 96, in terms of Section 126(1) of the Municipal Finance Management Act and which I have signed on behalf of the Municipality.

I certify that the salaries, allowances and benefits of Councillors, loans made to Councillors, if any, and payments made to Councillors for loss of office, if any, as disclosed in note 31 of these annual financial statements are within the upper limits of the framework envisaged in Section 219 of the Constitution, read with the Remuneration of Public Officer Bearers Act and the Minister of Provincial and Local Government's determination in accordance with this Act.

Municipal Manager: I Visser

31 August 2014

EMTHANJENI LOCAL MUNICIPALITY**ANNUAL FINANCIAL STATEMENTS
for the year ended 30 June 2014****REPORT OF THE CHIEF FINANCIAL OFFICER****1. INTRODUCTION**

It gives me great pleasure to present the Annual Financial Statements of Emthanjeni Local Municipality at 30 June 2014.

These Annual Financial Statements have been prepared in accordance with Generally Recognised Accounting Practice (GRAP), issued by the Accounting Standards Board (ASB) in accordance with Section 122(3) of the Municipal Finance Management Act, (Act No 56 of 2003). The standards and pronouncements that form the GRAP Reporting Framework for the 2013/14 financial period is set out in Directive 5 issued by the ASB on 11 March 2009.

The Statement of Financial Position at 30 June 2014 indicates an increase in Net Assets and Non-current Liabilities, and a decrease in Current Liabilities.

The increase in Net Assets is ascribed primarily to the increase in Accumulated Surplus as a result of the surplus generated on the operating account. The increase in Non-current Liabilities is primarily as a result of the increases in Retirement Benefit Liabilities and Long-service Benefits. The decrease in Current Liabilities is primarily as a result of the decrease in Unspent Conditional Grants.

2. KEY FINANCIAL INDICATORS

The following indicators are self-explanatory. The percentages of expenditure categories are well within acceptable norms and indicate good governance of the funds of the municipality.

2.1 Financial Statement Ratios:

INDICATOR	2014	2013
Surplus / (Deficit) before Appropriations	(66,393,482)	(47,442,435)
Surplus / (Deficit) at the end of the Year	954,480,039	1,020,873,521
Expenditure Categories as a percentage of Total Expenses:		
Employee Related Costs	22.27%	26.22%
Remuneration of Councillors	1.55%	1.72%
Collection Costs	0.00%	0.03%
Depreciation and Amortisation	25.15%	31.95%
Impairment Losses	19.87%	3.19%
Repairs and Maintenance	4.54%	5.56%
Interest Paid	0.32%	0.48%
Bulk Purchases	16.19%	18.01%
Contracted Services	2.60%	3.37%
Grants and Subsidies Paid	0.08%	0.14%
General Expenses	7.34%	9.27%
Loss on Disposal of Property, Plant and Equipment	0.00%	0.03%
Loss on Sale of Land	0.08%	0.00%
Inventory Written-off	0.02%	0.02%
Current Ratio:		
Trade Creditors Days	0 days	0 days
Consumer Days	121 days	170 days

for the year ended 30 June 2014
REPORT OF THE CHIEF FINANCIAL OFFICER

2.2 Performance Indicators:

INDICATOR	2014	2013
Borrowing Management:		
Capital Charges to Operating Expenditure	1.25%	1.54%
Capital Charges to Own Revenue	0.00%	0.00%
Borrowed Funding to Own Capital Expenditure	0.00%	0.00%
Borrowing to Total Capital Assets	0.00%	0.00%
Safety of Capital:		
Gearing	0.34%	0.59%
Liquidity:		
Current Ratio	3.04	3.41
Liquidity Ratio	0.31	0.42
Revenue Management:		
Current Debtors Collection Rate	86.78%	81.78%
Creditors Management:		
Creditors to Cash and Investments	100.98%	66.90%

For detailed ratio analysis and explanation regarding these refer to appendix H attached.

3. OPERATING RESULTS

Details of the operating results per segmental classification of expenditure are included in Appendix D, whilst operational results per category of expenditure, together with an explanation of significant variances of more than 10% from budget, are included in Appendix E (1).

The services offered by Emthanjeni Local Municipality can generally be classified as Rates and General, Economic and Trading Services and are discussed in more detail below.

The overall operating results for the year ended 30 June 2014 are as follows:

DETAILS	Actual 2014 R	Actual 2013 R	Percentage Variance %	Budgeted 2014 R	Variance actual/ budgeted %
Income:					
Opening surplus / (deficit)	1,018,620,728	1,067,251,263	-5%	-	100%
Operating income for the year	202,529,102	167,864,845	21%	-	100%
	1,221,149,830	1,235,116,108		-	
Expenditure:					
Operating expenditure for the year	268,922,584	215,307,280	25%	-	100%
Sundry transfers	-	1,188,100	-100%	-	100%
Closing surplus / (deficit)	952,227,246	1,018,620,728	-7%	-	100%
	1,221,149,830	1,235,116,108		-	

EMTHANJENI LOCAL MUNICIPALITY

ANNUAL FINANCIAL STATEMENTS

for the year ended 30 June 2014

REPORT OF THE CHIEF FINANCIAL OFFICER

3.1 Rates and General Services:

Rates and General Services are all types of services rendered by the municipality, excluding those listed below. The main income sources are Assessment Rates and Sundry Fees levied.

DETAILS	Actual 2014 R	Actual 2013 R	Percentage Variance %	Budgeted 2014 R	Variance actual/ budgeted %
Income	85,789,084	56,660,867	51%	65,343,845	31%
Expenditure	(121,025,294)	(94,769,715)	28%	(81,339,456)	49%
Surplus / (Deficit)	(35,236,210)	(38,108,847)		(15,995,611)	
Surplus / (Deficit) as % of total income	(41.07)%	(67.26)%		(24.48)%	

Variance from 2013 actual:

In the current financial year the municipality introduced the 'new' valuation roll which resulted in an increase of Property Rates levied. This together with the Grants and Subsidies realised (conditions met), resulted in the 24% increase.

Variance from 2014 budget:

No material fluctuation was identified between the actual and budgeted revenue figures. The significant increase in the actual expenditure versus the budgeted expenditure is the result in an increase in the provision for doubtful debt and the annual depreciation expense (non-cash flow items).

3.2 Housing Services:

Housing Services are services rendered by the municipality to supply housing to the community and includes the rental of units owned by the municipality to public and staff. The main income source is the levying of Housing Rentals.

DETAILS	Actual 2014 R	Actual 2013 R	Percentage Variance %	Budgeted 2014 R	Variance actual/ budgeted %
Income	488,759	1,219,589	-60%	520,177	-6%
Expenditure	(4,087,918)	(4,842,947)	-16%	(2,095,671)	95%
Surplus / (Deficit)	(3,599,159)	(3,623,358)		(1,575,494)	
Surplus / (Deficit) as % of total income	(736.39)%	(297.10)%		(302.88)%	

Variance from 2013 actual:

The decrease in the current year figures in comparison to the previous year's actuals are attributable to less Housing Project related expenses being incurred by the municipality. The decrease in revenue is mainly the result of the significant decrease in the Housing Accreditation received during the year.

Variance from 2014 budget:

The increase in the actual expenditure in comparison to the budgeted expenditure is due to the Housing Projects undertaken by the municipality. No material fluctuations were identified between the revenue figures.

3.3 Waste Management Services:

Waste Management Services are services rendered by the municipality for the collection, disposal and purifying of waste (refuse and sewerage). Income is mainly generated from the levying of fees and tariffs determined by the council.

DETAILS	Actual 2014 R	Actual 2013 R	Percentage Variance %	Budgeted 2014 R	Variance actual/ budgeted %
Income	29,854,516	28,208,577	6%	25,138,635	19%
Expenditure	(28,393,167)	(18,700,069)	52%	(18,510,493)	53%
Surplus / (Deficit)	1,461,350	9,508,509		6,628,142	
Surplus / (Deficit) as % of total income	4.89%	33.71%		26.37%	

EMTHANJENI LOCAL MUNICIPALITY

ANNUAL FINANCIAL STATEMENTS

for the year ended 30 June 2014

REPORT OF THE CHIEF FINANCIAL OFFICER

3.3 Waste Management Services (continued):

Variance from 2013 actual:

No material fluctuations were identified between the revenue figures, whilst the significant increase in the current year's expenditure amount the result is of the significant increase in the provision for bad debts, which were made at yearend.

Variance from 2014 budget:

No material fluctuations were identified between the revenue figures, whilst the significant increase in the current year's expenditure amount the result is of the significant increase in the provision for bad debts, which were made at yearend.

3.4 Electricity Services:

Electricity is bought in bulk from Eskom and distributed to the consumers by the municipality. The cost of bulk purchases to the municipality was R42 152 616 (2013: R37 634 290). Tariffs levied for electricity are subject to administered adjustments.

DETAILS	Actual 2014 R	Actual 2013 R	Percentage Variance %	Budgeted 2014 R	Variance actual/ budgeted %
Income	60,589,837	52,351,708	16%	67,844,758	-11%
Expenditure	(82,530,035)	(74,675,636)	11%	(55,600,629)	48%
Surplus / (Deficit)	(21,940,198)	(22,323,928)		12,244,129	
Surplus / (Deficit) as % of total income	(36.21)%	(42.64)%		18.05%	

Variance from 2013 actual:

No material fluctuation was identified between the current actual and prior year figures. The increases are attributable to the annual tariff increase, whilst the price per electricity unit purchased also increased in comparison to that of the prior year.

Variance from 2014 budget:

No material fluctuation was identified between the actual and budgeted revenue figures. The significant increase in the current year's expenditure amount the result is of the significant increase in the provision for bad debts, which were made at yearend.

3.5 Water Services:

Water is purchased from various sources, and distributed to the consumers by the municipality. The cost of bulk purchases to the municipality was R1 382 964 (2013: R1 147 195). Tariffs levied for water are subject to administered adjustments.

DETAILS	Actual 2014 R	Actual 2013 R	Percentage Variance %	Budgeted 2014 R	Variance actual/ budgeted %
Income	25,603,450	29,105,012	-12%	23,322,007	10%
Expenditure	(32,682,715)	(21,999,822)	49%	(9,952,989)	228%
Surplus / (Deficit)	(7,079,266)	7,105,190		33,274,996	
Surplus / (Deficit) as % of total income	(27.65)%	24.41%		142.68%	

Variance from 2013 actual:

The significant increase in the current year's expenditure amount the result is of the significant increase in the provision for bad debts, which were made at yearend.

Variance from 2014 budget:

No material fluctuation was identified between the actual and budgeted revenue figures. The significant increase in the current year's expenditure amount the result is of the significant increase in the provision for bad debts, which were made at yearend, and the depreciation expense (which was not budgeted for).

EMTHANJENI LOCAL MUNICIPALITY

ANNUAL FINANCIAL STATEMENTS

for the year ended 30 June 2014

REPORT OF THE CHIEF FINANCIAL OFFICER

4. FINANCING OF CAPITAL EXPENDITURE

The expenditure on Assets during the year amounted to R21 457 449 (2013: R13 554 005). Full details of Assets are disclosed in Notes 9, 10, 11 and Appendices "B, C and E (2)" to the Annual Financial Statements.

The capital expenditure of R21 457 449 was financed as follows:

DETAILS	Actual 2014 R	Actual 2013 R	Percentage Variance %	Budgeted 2014 R	Variance actual/ budgeted %
Grants and Subsidies	19,396,197	12,072,248	61%	12,882,000	51%
Own Funds (Accumulated Surplus)	2,061,253	1,481,757	39%	7,951,000	-74%
	21,457,449	13,554,005		20,833,000	

Source of funding as a percentage of Total Capital Expenditure:

DETAILS	2014	2013
Grants and Subsidies	90%	89%
Own Funds (Accumulated Surplus)	10%	11%
	100%	100%

Capital Assets are funded to a great extent from grants and subsidies as the municipality does not have the financial resources to finance infrastructure capital expenditure from its own funds.

4. RECONCILIATION OF BUDGET TO ACTUAL

4.1 Operating Budget:

DETAILS	2014	2013
<i>Variance per Category:</i>		
Budgeted surplus before appropriations	(10,356,327)	9,278,387

	21,457,449	13,720,564	7,736,885	20,834,000	623,449

Details of the results per segmental classification of capital expenditure are included in Appendix "C", together with a criptic explanation of significant variances of more than 10% from budget, are included in Appendix "E (2)".

EMTHANJENI LOCAL MUNICIPALITY**ANNUAL FINANCIAL STATEMENTS**

for the year ended 30 June 2014

REPORT OF THE CHIEF FINANCIAL OFFICER**5. ACCUMULATED SURPLUS**

The balance of the Accumulated Surplus as at 30 June 2014 amounted to R954 480 039 (2013: R1 020 873 521) and is made up as follows:

Capital Replacement Reserve	2,252,793
Accumulated Surplus	952,227,246
	<u>954,480,039</u>

The Capital Replacement Reserve replaces the previous statutory funds, like the Capital Development Fund, and is a cash-backed reserve established to enable the municipality to finance future capital expenditure. Cash contributions, depending on the availability of cash, is made annually to the reserve.

The municipality, in conjunction with its own capital requirements and external funds (external loans and grants) is able to finance its annual infrastructure capital programme.

Refer to Note 23 and the Statement of Change in Net Assets for more detail.

6. LONG-TERM LIABILITIES

The outstanding amount of Long-term Liabilities as at 30 June 2014 was R3 230 938 (2013: R8 492 623).

Refer to Note 20 and Appendix "A" for more detail.

7. RETIREMENT BENEFIT LIABILITIES

The outstanding amount of Retirement Benefit Liabilities as at 30 June 2014 was R34 020 228 (2013: R31 352 175).

This liability is in respect of continued Health Care Benefits for employees of the municipality after retirement being members of schemes providing for such benefits. This liability is unfunded.

Refer to Note 21 for more detail.

8. NON-CURRENT PROVISIONS

Non-current Provisions amounted R6 637 053 as at 30 June 2014 (2013: R5 971 053) and is made up as follows:

Provision for Rehabilitation of Land-fill Sites	6,637,053
	<u>6,637,053</u>

These provisions are made in order to enable the municipality to be in a position to fulfill its known legal obligations when they become due and payable.

Refer to Note 22 for more detail.

9. CURRENT LIABILITIES

Current Liabilities amounted R38 764 946 as at 30 June 2014 (2013: R40 848 232) and is made up as follows:

Consumer Deposits	Note 14	1,949,136
Provisions	Note 15	1,413,504
Payables from Exchange Transactions	Note 16	12,329,470
Payables from Non-exchange Transactions	Note 17	1,552,637
Unspent Conditional Grants and Receipts	Note 18	6,837,471
Bank Overdraft	Note 19	11,924,753
Current Portion of Long-term Liabilities	Note 20	2,757,975
		<u>38,764,946</u>

Current Liabilities are those liabilities of the municipality due and payable in the short-term (less than 12 months). There is no known reason as to why the municipality will not be able to meet its obligations. Refer to the indicated Notes for more detail.

EMTHANJENI LOCAL MUNICIPALITY**ANNUAL FINANCIAL STATEMENTS**

for the year ended 30 June 2014

REPORT OF THE CHIEF FINANCIAL OFFICER**10. PROPERTY, PLANT AND EQUIPMENT**

The net value of Property, Plant and Equipment was R913 923 422 as at 30 June 2014 (2013: R960 146 208).

Refer to Note 9 and Appendices "B, C and E (2)" for more detail.

11. INTANGIBLE ASSETS

The net value of Intangible Assets were R383 792 as at 30 June 2014 (2013: R538 049).

Intangible Assets are assets which cannot physically be identified and verified and are in respect of computer software obtained by the municipality in order to be able to fulfill its duties as far as service delivery is concerned.

Refer to Note 10 and Appendix "B" for more detail.

12. INVESTMENT PROPERTY

The net value of Investment Properties were R5 004 000 as at 30 June 2014 (2013: R5 004 000).

Investment Property is property held to earn rentals or for capital appreciation or both, rather than for use in the production or supply of goods or services or for administrative purposes; or sale in the ordinary course of operations.

Refer to Note 11 and Appendix "B" for more detail.

15. NON-CURRENT INVESTMENTS

The municipality held Investments to the value of R21 088 as at 30 June 2014 (2013: 13 980).

Refer to Note 12 for more detail.

15. LONG-TERM RECEIVABLES

Long-term Receivables of R1 164 at 30 June 2014 (2013: R1 164) is made up as follows:

Other Loans	1,164
	<u>1,164</u>

Refer to Note 13 for more detail.

16. CURRENT ASSETS

Current Assets amounted R117 736 497 as at 30 June 2014 (2013: R139 254 498) and is made up as follows:

Inventories	Note 2	64,940,812
Receivables from Exchange Transactions	Note 3	30,488,661
Receivables from Non-exchange Transactions	Note 4	9,802,251
VAT Receivable	Note 5	262,780
Cash and Cash Equivalents	Note 6	12,210,203
Operating Lease Assets	Note 7	31,791
		<u>117,736,497</u>

The decrease in the amount for Current Assets is mainly due to the decreased amount held in Bank and Cash Equivalents.

Refer to the indicated Notes for more detail.

EMTHANJENI LOCAL MUNICIPALITY

ANNUAL FINANCIAL STATEMENTS

for the year ended 30 June 2014

REPORT OF THE CHIEF FINANCIAL OFFICER

17. INTER-GOVERNMENTAL GRANTS

The municipality is dependent on financial aid from other government spheres to finance its annual capital programme. Operating grants are utilised to finance indigent assistance and provision of free basic services.

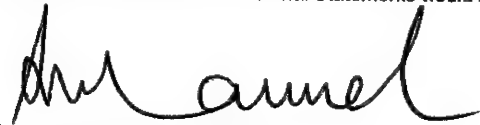

Refer to Notes 18 and 25, and Appendix "F" for more detail.

18. EVENTS AFTER THE REPORTING DATE

Full details of all known events, if any, after the reporting date are disclosed in Note 57.

19. EXPRESSION OF APPRECIATION

We are grateful to the Mayor, members of the Executive Committee, Councillors, the Municipal Manager and Heads of Departments for the support extended during the financial year. A special word of thanks to all staff in the Finance Department, for without their assistance these Annual Financial Statements would not have been possible.

EMTHANJENI LOCAL MUNICIPALITY **STATEMENT OF COMPARISON OF BUDGET AND ACTUAL AMOUNTS FOR THE YEAR ENDED 30 JUNE 2014**

Financial Position: Explanation of Variances between Approved Budget and Actual

Reasons for Variances greater than 10% between Approved Budget and Actual Amount on the various items disclosed in the Statement of Financial Position are explained below:

Inventories:

More stores were procured and water stock levels increased during the financial year. In addition to this, management did a full land audit between the financial records and the title deeds and accounted for all land parcels available for sale, resulting in a significant increase.

Non-current Assets Held-for-Sale:

At 30 June 2013, assets had been identified that were sold on auction during July 2013. During the 2013/2014 financial year, the auction took place during June 2014 and no assets were subsequently identified as 'held-for-sale'.

Receivables from Exchange Transactions:

Management is attempting to enforce the Debt and Credit Collection Policy, resulting a significant lower budgeted amount. The results were however not obtained. The increase however remains consistent with that of the previous year and a sufficient provision for doubtful debt was provided for all doubtful consumer debtors, excluding Government Debt. This provision includes all Indigent Debtors.

VAT Receivable:

Management budgeted for a VAT payable at year-end. Due to the significant increase in the impairment provision, the VAT portion of the provision resulted in a receivable being recognised at year-end.

Cash and Cash Equivalents:

Cash control and management by the Finance Department and all managers resulted in the significant increase. Management ensures that sufficient cash is available to cover all short term debt, as well as unspent conditional grants that may exist at year-end.

Operating Lease Receivables:

This movement represents an accounting entry, as required by GRAP 13: Leases, and was not budgeted for.

Intangible Assets:

Due to the amortisation expense during the year. The financial systems used by the Municipality represents a significant portion of the balance and the amortisation expense was higher than expected.

Investment Property:

Management budgeted for an decrease in the value of the property, which did not occur during the year.

Non-current Investments:

The municipality has shares in OVK. These shares were obtained and not acquired and does not form part of the operations. Therefore, no movement or balance was budgeted for.

Long-term Receivables:

Loan (receivable) accounts at OVK. These loans were obtained and not acquired and does not form part of the operations. Therefore, no movement or balance was budgeted for.

Provisions:

An actuarial gain (as determined by the actuarial) resulted in the increase not meeting the expected growth (increase).

Payables:

In prior financial years, the municipality did not recognise any retention fees at year-end. This error was subsequently (and retrospectively) corrected. The aforementioned, with the increase in other creditors resulted in the unexpected increase.

Unspent Conditional Grants and Receipts:

Management anticipated all grant funding to be used for the specific purpose assigned. At year-end however, unspent MIG funding was still available which will be used for capital projects in the next financial year. The municipality is also constructed the electricity line for the new hospital, which has not been finished and the unspent portion remains as unspent.

VAT Payable:

Please refer to 'VAT Receivable' for the supporting explanation.

Bank Overdraft:

At year-end, the municipality paid the Eskom bulk electricity account which had a significant impact on the primary bank account. There are however sufficient funds to ensure the municipality can cover this debt and continue to provide services and pay other creditors. Refer to the Cash and Cash Equivalents increase recorded.

Current Portion of Long-term Liabilities:

Please refer to the explanation provided under the 'Long-term Liabilities'.

Long-term Liabilities:

Management is repaying the Long-term Liabilities quicker than anticipated. Management did not default on any loan payment and have controls in place to ensure these obligations are settled within the agreed period.

Retirement Benefit Liabilities:

The increase is attributable to the variables within the actuarial valuation, which increased resulting in higher than expected interest costs.

Non-current Provisions:

The unexpected increase in the Landfill Site provision recorded in the 2012/2013 financial year, resulted in the lower budgeted amount.

Accumulated Surplus / (Deficit):

Due to the errors identified during the financial year and the retrospective adjustment thereof.

EMTHANJENI LOCAL MUNICIPALITY **STATEMENT OF COMPARISON OF BUDGET AND ACTUAL AMOUNTS FOR THE YEAR ENDED 30 JUNE 2014**

Financial Performance: Explanation of Variances between Approved Budget and Actual

For reasons for Variances greater than 10% between Approved Budget and Actual Amount on the various items disclosed in the Statement of Financial Performance, are as follow:

Property Rates - Penalties imposed and collection charges

The Property Rates - Penalties is budgeted for with Interest Received. The current classification in the Annual Financial Statements is a GRAP requirement and has therefore been split as such.

Fines

For the 2013/2014 financial year, all fines (irrespective whether they are recoverable) were recognised. The relating debtor was tested for impairment in order to reflect the recoverable amount at yearend.

Rental of Facilities and Equipment

The municipality generated more revenue than budgeted for.

Interest Earned (all financial statement line items)

Improved cash management and diversification of available cash. This is supported in the increase in the Cash and Cash Equivalents balance.

Other Income:

In the 2011/2012 financial year, preliminary figures showed a decrease in the provision for doubtful debt (reversal). This was taken into account during the preparation of the 2013/2014 budget as the 2012/2013 provision (and relating entries) were not calculated (and processed). This did however not realise and resulted in the material fluctuation. Furthermore, the revenue generated from prepaid electricity has been correctly classified.

Other Gains on Continued Operations

Due to the fair value adjustment made to Non-current investments which were not anticipated and budgeted for.

Gains on Disposal of Property, Plant and Equipment

The proceeds generated by the auctions, together with the proceeds obtained during a trade-in of a municipal vehicle, resulted in the budgeted figures being surpassed.

Depreciation and Amortisation

Due to the gross depreciation effect. The budget reflects the net gross depreciation. The backlog depreciation is specifically excluded from the budgeted figure.

Impairment Losses:

The provision for doubtful debt significantly increased during the year, due to the weaker payment (receipt) ratios calculated on each individual debtor. Additional to this, management recognised all fines issued during the year and this debtor was impaired with R19 895 792.

Grants and Subsidies Paid

The budgeted figure includes all capital expenditure, which has been reclassified to the correct financial statement line items.

Loss on Sale of Land

The Municipality conducted a full land audit (please see the explanation included in the Inventory line item). During the year, a number of properties were transferred to buyers.

Inventory Written-off

The amount written-off is immaterial and therefore management did not budget for it.

Capital Expenditure: Explanation of Variances between Approved Budget and Actual

Overall, the fluctuations amounted to +/- 3%. Although the budgeted amounts made provision for costs to be incurred in more departments, these funds were used to, mainly, finance the roads and stormwater project currently in progress at yearend.

Cash Flow: Explanation of Variances between Approved Budget and Actual

Reasons for Variances greater than 10% between Approved Budget and Actual Amount on the various items disclosed in the Cash Flow Statement are explained below:

Debt collection did not have the desired results, which resulted in the fluctuation. This is supported by the fluctuations identified in the Statement of Financial Performance and Position.

EMTHANJENI LOCAL MUNICIPALITY

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

1. BASIS OF PRESENTATION

The Annual Financial Statements have been prepared on an accrual basis of accounting and are in accordance with the historic cost convention, except where indicated otherwise.

The financial statements have been prepared in accordance with the effective Standards of Generally Recognised Accounting Practices (GRAP), as approved by the Minister of Finance, including any interpretations, guidelines and directives issued by the Accounting Standards Board and the Municipal Finance Management Act, 2003 (Act No. 56 of 2003).

1.1 *Changes In Accounting Policy And Comparability*

Accounting Policies have been consistently applied, except where otherwise indicated below.

For the years ended 30 June 2014 and 30 June 2013, the municipality has adopted the accounting framework as set out in point 1 above. The details of any resulting changes in accounting policy and comparative restatements are set out below.

The municipality changes an Accounting Policy only in the following instances:

- (a) if it is required by a Standard of GRAP; or
- (b) when it results in the financial statements providing reliable and more relevant information about the effects of transactions, other events or conditions on the entity's financial position, financial performance or cash flow.

1.2 *Critical Judgements, Estimations And Assumptions*

In the application of the municipality's accounting policies, which are described below, management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

These estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the critical judgements and estimations that management have made in the process of applying the municipality's Accounting Policies and that have the most significant effect on the amounts recognised in Annual Financial Statements:

1.2.1 *Revenue Recognition*

Accounting Policy 13.2 on *Revenue from Exchange Transactions* and Accounting Policy 13.3 on *Revenue from Non-exchange Transactions* describes the conditions under which revenue will be recorded by the management of the municipality.

In making their judgement, management considered the detailed criteria for the recognition of revenue as set out in GRAP 9: Revenue from Exchange Transactions and GRAP 23: Revenue from non-exchange transactions. In particular, whether the municipality, when goods are sold, had transferred to the buyer the significant risks and rewards of ownership of the goods and when services is rendered, whether the service has been rendered. Also of importance is the estimation process involved in initially measuring revenue at the fair value thereof. Management of the municipality is satisfied that recognition of the revenue in the current year is appropriate.

EMTHANJENI LOCAL MUNICIPALITY

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

1. BASIS OF PRESENTATION (continued)

1.2.2 Financial assets and liabilities

The classification of financial assets and liabilities, into categories, is based on judgement by management. Accounting Policy 8 on *Financial Assets Classification* and Accounting Policy 9.2 on *Financial Liabilities Classification* describe the factors and criteria considered by the management of the municipality in the classification of financial assets and liabilities.

In making the above-mentioned judgement, management considered the definition and recognition criteria for the classification of financial instruments as set out in GRAP 104: *Financial Instruments*.

1.2.3 Impairment of Financial Assets

Accounting Policy 9.4 on *Impairment of Financial Assets* describes the process followed to determine the value at which financial assets should be impaired. In making the estimation of the impairment, the management of the municipality considered the detailed criteria of impairment of financial assets as set out in GRAP 104: *Financial Instruments* and used its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of the reporting period. The management of the municipality is satisfied that the impairment of financial assets recorded during the year is appropriate.

The calculation in respect of the impairment of debtors is based on an assessment of the extent to which debtors have defaulted on payments already due, and an assessment of their ability to make payments based on their creditworthiness. This was performed per service-identifiable categories across all classes of debtors. The total increase in estimation of the impairment of trade and other receivables from exchange transactions is disclosed in note 5 to the AFS.

1.2.4 Useful lives of Property, Plant and Equipment, Intangible assets and Investment property

As described in Accounting Policies 3.3, 5.2 and 6.2 the municipality depreciates its property, plant and equipment and investment property, and amortises its intangible assets over the estimated useful lives of the assets, taking into account the residual values of the assets at the end of their useful lives, which is determined when the assets are available for use. The useful lives of assets are based on management's estimation. Management considered the impact of technology, availability of capital funding, service requirements and required return on assets in order to determine the optimum useful life expectation, where appropriate.

The estimation of residual values of assets is based on management's judgement as to whether the assets will be sold or used at the end of their useful lives, and in what condition they will be at that time.

1.2.5 Impairment: Write down of Property, Plant and Equipment, Investment property, Intangible assets, Heritage assets and Inventories

Accounting Policy 8 on *Impairment of assets* Accounting Policy 11.2 on *Inventory - Subsequent measurement* describes the conditions under which non-financial assets are tested for potential impairment losses by the management of the municipality. Significant estimates and judgements are made relating to property, plant and equipment impairment testing, Intangible assets impairment testing and write down of Inventories to the lowest of Cost and Net Realisable Values.

In making the above-mentioned estimates and judgement, management considered the subsequent measurement criteria and indicators of potential impairment losses as set out in GRAP 21: *Impairment of non-Cash generating Assets* and GRAP 26: *Impairment of Cash generating Assets*. In particular, the calculation of the recoverable service amount for PPE and intangible assets and the Net Realisable Value for inventories involves significant judgment by management. During the year the estimated impairments to property, plant and equipment made are disclosed in note 10 to the AFS, whilst no impairments were made to intangible assets or inventory.

EMTHANJENI LOCAL MUNICIPALITY

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

1. BASIS OF PRESENTATION (continued)

1.2.6 Water inventory

The estimation of the water stock in the reservoirs is based on the measurement of water via electronic level sensors, where the level indicates the depth of the water in the reservoir, which is then converted into volumes based on the total capacity of the relevant reservoir. Furthermore the length and width of all pipes are also taken into account in determining the volume of water on hand at year-end. Refer to Note 2 of the accounting policy to the Annual Financial Statements.

1.2.7 Defined Benefit Plan Liabilities

As described in Accounting Policy 13, the municipality obtains actuarial valuations of its defined benefit plan liabilities. The defined benefit obligations of the municipality that were identified are Post-retirement Health Benefit Obligations and Long-service Awards. The estimated liabilities are recorded in accordance with the requirements of GRAP 25. Details of the liabilities and the key assumptions made by the actuaries in estimating the liabilities are provided in Notes 21 to the Annual Financial Statements.

1.2.8 Provisions and contingent liabilities

Provision for Rehabilitation of Refuse Landfill Sites

The Municipality has an obligation to rehabilitate its landfill sites in terms of its license stipulations. Provision is made for this obligation based on the net present value of cost. The cost factors as determined have been applied and projected at an inflation rate of 5% (2011: 5.5%) and discounted to the present value:

- a) For landfill sites with a remaining operating life of less than 5 years, at the average short term borrowing cost of 11.14% (2011: 11.3475%).
- b) For landfill sites with a remaining operating life of greater than 5 years, at the average long-term treasury bond rate 4.09% (2011: 11.3475%).

1.2.9 Budget information

Deviations between budget and actual amounts are regarded as material differences when a 10% deviation exists. All material differences are explained in the notes to the annual financial statements.

1.3 Presentation Currency

The Annual Financial Statements are presented in South African Rand, rounded off to the nearest Rand, which is the municipality's functional currency.

1.4 Going Concern Assumption

The Annual Financial Statements have been prepared on a going concern basis.

1.5 Offsetting

Assets, liabilities, revenues and expenses have not been offset except when offsetting is required or permitted by a Standard of GRAP.

EMTHANJENI LOCAL MUNICIPALITY

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

1. BASIS OF PRESENTATION (continued)

1.6 Standards, Amendments To Standards And Interpretations Issued But Not Yet Effective

The following GRAP standards have been issued but are not yet effective and have not been early adopted by the municipality:

GRAP 18 Segment Reporting - issued March 2005
GRAP 20 Related Party Disclosures (Revised)
GRAP 32 Service Concession Arrangement Grantor
GRAP 105 Transfers between entities under common control - issued November 2010
GRAP 106 Transfers between entities not under common control - issued November 2010
GRAP 107 Mergers - issued November 2010
GRAP 108 Statutory Receivables

The Minister of Finance announced that the application of GRAP 25 for period starting after 1 April 2013. All other standards as listed above will only be effective when a date is announced by the Minister of Finance.

The ASB Directive 5 paragraph 29 sets out the principles for the application of the GRAP 3 guidelines in the determination of the GRAP Reporting Framework hierarchy, as set out in the standard of GRAP 3 on Accounting Policies, Changes in Accounting Estimates and Errors.

Where a standard of GRAP is approved as effective, it replaces the equivalent statement of International Public Sector Accounting Standards Board, International Financial Reporting Standards or Generally Accepted Accounting Principles. Where a standard of GRAP has been issued, but is not yet in effect, an entity may select to apply the principles established in that standard in developing an appropriate accounting policy dealing with a particular section or event before applying paragraph 12 of the Standard of GRAP on Accounting Policies, Changes in Accounting Estimates and Errors.

The Municipality applied the principles established in the following Standards of GRAP that have been issued, but is not yet in effect, in developing an appropriate accounting policies dealing with the following transactions, but have not early adopted these Standards:

Management has considered all of the above-mentioned GRAP standards issued but not yet effective and anticipates that the adoption of these standards will not have a significant impact on the financial position, financial performance or cash flows of the municipality.

2. NETT ASSETS

Included in the nett assets of the municipality, are the following reserves that are maintained in terms of specific requirements:

2.1 Other Reserves forming part of Accumulated surplus

The Municipality creates and maintains reserves which form part of the Accumulated Surplus in terms of specific requirements.

EMTHANJENI LOCAL MUNICIPALITY

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

3. PROPERTY, PLANT AND EQUIPMENT

3.1 Initial Recognition

Property, plant and equipment are tangible non-current assets (including infrastructure assets) that are held for use in the production or supply of goods or services, rental to others, or for administrative purposes, and are expected to be used during more than one year.

The cost of an item of property, plant and equipment is recognised as an asset if, and only if it is probable that future economic benefits or service potential associated with the item will flow to the municipality, and if the cost or fair value of the item can be measured reliably.

Property, plant and equipment are initially recognised at cost on its acquisition date or in the case of assets acquired by grant or donation, deemed cost, being the fair value of the asset on initial recognition. The cost of an item of property, plant and equipment is the purchase price and other costs attributable to bring the asset to the location and condition necessary for it to be capable of operating in the manner intended by the municipality. Trade discounts and rebates are deducted in arriving at the cost. The cost also includes the necessary costs of dismantling and removing the asset and restoring the site on which it is located.

When significant components of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Where an asset is acquired by the municipality for no or nominal consideration (i.e. a non-exchange transaction), the cost is deemed to be equal to the fair value of that asset on the date acquired.

The cost of an item of property, plant and equipment acquired in exchange for a non-monetary assets or monetary assets, or a combination of monetary and non-monetary assets is measured at the fair value of the asset given up, unless the fair value of the asset received is more clearly evident. If the acquired item could not be measured at its fair value, its cost is measured at the carrying amount of the asset given up.

Major spare parts and servicing equipment qualify as property, plant and equipment when the municipality expects to use them during more than one period. Similarly, if the major spare parts and servicing equipment can be used only in connection with an item of property, plant and equipment, they are accounted for as property, plant and equipment.

3.2 Subsequent Measurement

Subsequent expenditure relating to property, plant and equipment is capitalised if it is probable that future economic benefits or potential service delivery associated with the subsequent expenditure will flow to the entity and the cost or fair value of the subsequent expenditure can be reliably measured. Subsequent expenditure incurred on an asset is only capitalised when it increases the capacity or future economic benefits associated with the asset. Where the municipality replaces parts of an asset, it derecognises the part of the asset being replaced and capitalises the new component.

Subsequently all property plant and equipment are measured at cost, less accumulated depreciation and accumulated impairment losses.

Subsequent to initial recognition property, plant and equipment are carried at a revalued amount based on municipal valuations, less any subsequent accumulated depreciation and subsequent accumulated impairment losses. Revaluations are performed by external independent valuers with sufficient regularity such that the carrying amount does not differ materially from that which would be determined using fair value at the Statement of Financial Position date. Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset, and the net amount is restated to the revalued amount of the asset.

EMTHANJENI LOCAL MUNICIPALITY

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

3. PROPERTY, PLANT AND EQUIPMENT (continued)

An increase in the carrying amount of property, plant and equipment as a result of a revaluation is credited directly to a revaluation surplus reserve, except to the extent that it reverses a revaluation decrease of the same asset previously recognised in the Statement of Financial Performance.

When revalued assets are sold or retired, the amounts included in the revaluation reserve in respect of that assets, are transferred to the Statement of Changes in Net Assets.

Compensation from third parties for items of property, plant and equipment that were impaired, lost or given up is included in the Statement of Financial Performance when the compensation becomes receivable.

3.3 Depreciation

Land is not depreciated as it is regarded as having an unlimited life. Depreciation on assets other than land is calculated on cost using the straight line method, to allocate their cost or revalued amounts to their residual values over the estimated useful lives of the assets. The depreciation method used reflects the pattern in which the asset's future economic benefits or service potential are expected to be consumed by the municipality. Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item shall be depreciated separately. The depreciation rates are based on the following estimated useful lives.

Depreciation only commences when the asset is available for use, unless stated otherwise.

	Years		Years
Infrastructure		Buildings	30 - 100
Roads and Paving	45 - 50		
Electricity	45 - 50	Other	
Water	15 - 100	Specialist Vehicles	5 - 20
Sewerage	15 - 100	Other Vehicles	5 - 10
Landfill Sites	10 - 65	Office Equipment	3 - 7
		Furniture and Fittings	7 - 10
Community		Watercraft	15
Recreational Facilities	15 - 60	Bins and Containers	5
Security	5	Specialised Plant and Equipment	10 - 15
		Other items of Plant and Equipment	2 - 5

The assets' residual values, estimated useful lives and depreciation method are reviewed annually, and adjusted prospectively appropriate, at each reporting date.

Reviewing the useful life of an asset on an annual basis does not require the entity to amend the previous estimate unless expectations differ from the previous estimate.

3.4 Incomplete Construction Work

Incomplete construction work is stated at historical cost. Depreciation only commences when the asset is available for use.

3.5 Finance Leases

Assets capitalised under finance leases are depreciated over their expected useful lives on the same basis as PPE controlled by the entity or where shorter, the term of the relevant lease if there is no reasonable certainty that the municipality will obtain ownership by the end of the lease term.

3.6 Land

Land is not depreciated as it is deemed to have an indefinite useful life.

EMTHANJENI LOCAL MUNICIPALITY

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

3. PROPERTY, PLANT AND EQUIPMENT (continued)

3.7 Infrastructure Assets

Infrastructure Assets are any assets that are part of a network of similar assets. Infrastructure assets are shown at cost less accumulated depreciation and accumulated impairment. Infrastructure assets are treated similarly to all other assets of the municipality in terms of the asset management policy.

3.8 Derecognition of property, plant and equipment

The carrying amount of an item of property, plant and equipment is derecognised on disposal, or when no future economic benefits or service potential are expected from its use or disposal.

The gain or loss arising from the derecognition of an item of property, plant and equipment is included in the Statement of Financial Performance when the item is derecognised.

Gains or losses are calculated as the difference between the carrying value of assets (cost less accumulated depreciation and accumulated impairment losses) and the disposal proceeds is included in the Statement of Financial Performance as a gain or loss on disposal of property, plant and equipment.

5. INTANGIBLE ASSETS

4.1 Initial Recognition

Identifiable non-monetary assets without physical substance are classified and recognised as intangible assets. The municipality recognises an intangible asset in its Statement of Financial Position only when it is probable that the expected future economic benefits or service potential that are attributable to the asset will flow to the municipality and the cost or fair value of the asset can be measured reliably.

Internally generated intangible assets are subject to strict recognition criteria before they are capitalised. Research expenditure is recognised as an expense as it is incurred. Costs incurred on development projects (relating to the design and testing of new or improved products) are recognised as intangible assets when the following criteria are fulfilled:

- it is technically feasible to complete the intangible asset so that it will be available for use;
- management intends to complete the intangible asset and use or sell it;
- there is an ability to use or sell the intangible asset;
- it can be demonstrated how the intangible asset will generate probable future economic benefits;
- adequate technical, financial and other resources to complete the development and to use or sell the intangible asset are available; and
- the expenditure attributable to the intangible asset during its development can be reliably measured.

Other development expenditures that do not meet these criteria are recognised as an expense as incurred. Development costs previously recognised as an expense are not recognised as an asset in a subsequent period. Capitalised development costs are recorded as intangible assets and amortised from the point at which the asset is available for use. Development assets are tested for impairment annually, in accordance with GRAP 21 or GRAP 26.

Intangible assets are initially recognised at cost. The cost of an intangible asset is the purchase price and other costs attributable to bring the intangible asset to the location and condition necessary for it to be capable of operating in the manner intended by the municipality, or where an intangible asset is acquired at no cost, or for a nominal cost, the cost shall be its fair value as at the date of acquisition. Trade discounts and rebates are deducted in arriving at the cost. The cost of an intangible asset acquired in exchange for a non-monetary assets or monetary assets, or a combination of monetary and non-monetary assets is measured at the fair value of the asset given up, unless the fair value of the asset received is more clearly evident. If the acquired item could not be measured at its fair value, its cost is measured at the carrying amount of the asset given up. If the acquired item's fair value was not determinable, its deemed cost is the carrying amount of the asset(s) given up.

EMTHANJENI LOCAL MUNICIPALITY

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

5. INTANGIBLE ASSETS (continued)

4.2 Subsequent Measurement, Amortisation and Impairment

After initial recognition, intangible assets are carried at its cost less any accumulated amortisation and any accumulated impairment losses.

Expenditure on an intangible item that was initially recognised as an expense shall not be recognised as part of the cost of an intangible asset at a later date.

In terms of GRAP 31, intangible assets are distinguished between internally generated intangible assets and other intangible assets. It is further distinguished between indefinite or finite useful lives. Amortisation is charged on a straight-line basis over the intangible assets' useful lives (when the intangible asset is available for use), the residual value of assets with finite useful lives zero, unless an active market exists. Where intangible assets are deemed to have an indefinite useful life, such intangible assets are not amortised, however such intangible assets are subject to an annual impairment test. The useful lives per category of intangible assets are detailed below:

<i>Intangible asset</i>	<i>Years</i>
Software	3

Intangible assets are annually tested for impairment, including intangible assets not yet available for use, as per Accounting Policy 8: *Impairment of assets*. Where items of intangible assets have been impaired, the carrying value is adjusted by the impairment loss, which is recognised as an expense in the period that the impairment is identified except where the impairment reverses a previous revaluation. The impairment loss is the difference between the carrying amount and the recoverable amount.

The estimated useful life, residual values and amortisation method are reviewed annually at the end of the financial year. Any adjustments arising from the annual review are applied prospectively as a change in accounting estimate in the Statement of Financial Performance.

4.3 Derecognition

Intangible assets are derecognised when the asset is disposed of or when there are no further economic benefits or service potential expected from the use of the asset. The gain or loss arising on the disposal or retirement of an intangible asset is determined as the difference between the net disposals proceeds and the carrying value and is recognised in the Statement of Financial Performance.

4.4 Transitional provisions

Intangible assets recognised in terms of GRAP 31 have been presented for the financial year ended 30 June 2011 (and retrospectively where practicable) in accordance with the requirements of GRAP 31, GRAP 3 and ASB Directive 4.

EMTHANJENI LOCAL MUNICIPALITY

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

5. INVESTMENT PROPERTY

5.1 Initial Recognition

Investment property includes property (land or a building, or part of a building, or both land and buildings held under a finance lease) held to earn rentals and/or for capital appreciation, rather than held to meet service delivery objectives, the production or supply of goods or services, or the sale of an asset in the ordinary course of operations.

At initial recognition, the municipality measures investment property at cost including transaction costs once it meets the definition of investment property. However, where an investment property was acquired through a non-exchange transaction (i.e. where it acquired the investment property for no or a nominal value), its cost is its fair value as at the date of acquisition.

The cost of self-constructed investment property is the cost at date of completion.

Based on management's judgement, the following criteria have been applied to distinguish investment properties from owner occupied property or property held for resale:

- All properties held to earn market-related rentals or for capital appreciation or both and that are not used for administrative purposes and that will not be sold within the next 12 months are classified as Investment Properties;
- Land held for a currently undetermined future use. (If the Municipality has not determined that it will use the land as owner-occupied property or for short-term sale in the ordinary course of business, the land is regarded as held for capital appreciation);
- A building owned by the entity (or held by the entity under a finance lease) and leased out under one or more operating leases (this will include the property portfolio rented out by the Housing Board on a commercial basis on behalf of the
- A building that is vacant but is held to be leased out under one or more operating leases on a commercial basis to external parties; and
- Property that is being constructed or developed for future use as investment property.

5.2 Subsequent Measurement - Fair Value Model

Investment property is measured using the fair value model. Investment property is carried at fair value, representing open market value determined by external valuers at the date of the last general valuation. Fair value is based on active market price adjusted, if necessary, for any difference in the nature, location or condition of the specific asset. A gain or loss arising from a change in the fair value of investment property is included in the Statement of Financial Performance for the period in which it arises.

5.3 Derecognition

An investment property shall be derecognised (eliminated from the statement of financial position) on disposal or when the investment property is permanently withdrawn from use and no future economic benefits or service potential are expected from its disposal.

6. IMPAIRMENT OF ASSETS

The entity classifies all assets held with the primary objective of generating a commercial return as cash-generating assets. All other assets are classified as non-cash-generating assets.

6.1 Impairment of Cash generating assets

The municipality assesses at each reporting date whether there is any indication that an asset may be impaired. If any such indication exists, the municipality estimates the recoverable amount of the individual asset.

If there is any indication that an asset may be impaired, the recoverable amount is estimated for the individual asset. If it is not possible to estimate the recoverable amount of the individual asset, the recoverable amount of the cash-generating unit to which the asset belongs is determined.

EMTHANJENI LOCAL MUNICIPALITY

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

6. IMPAIRMENT OF ASSETS (continued)

The recoverable amount of an asset or a cash-generating unit is the higher of its fair value less costs to sell and its value in use.

The best evidence of fair value less cost to sell is the price in a binding sale agreement in an arm's length transaction, adjusted for the incremental cost that would be directly attributable to the disposal of the asset.

Value in use of a cash-generating asset is the present value of the estimated future cash flows expected to be derived from the continuing use of an asset and from its disposal at the end of its useful life.

If the recoverable amount of an asset is less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. That reduction is an impairment loss.

An impairment loss of assets carried at cost less any accumulated depreciation or amortisation is recognised immediately in the Statement of Financial Performance.

An impairment of assets carried at revalued amount reduces the revaluation surplus for that asset. The decrease shall be debited directly to a revaluation surplus to the extent of any credit balance existing in the revaluation surplus in respect of that asset.

An impairment loss is recognised for cash-generating units if the recoverable amount of the unit is less than the carrying amount of the unit. The impairment loss is allocated to reduce the carrying amount of the assets of the unit, pro rata on the basis of the carrying amount of each asset in the unit.

A municipality assesses at each reporting date whether there is any indication that an impairment loss recognised in prior periods for assets may no longer exist or may have decreased. If any such indication exists, the recoverable amounts of those assets are estimated.

The increased carrying amount of an asset attributable to a reversal of an impairment loss does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior periods.

A reversal of an impairment loss of assets carried at cost less accumulated depreciation or amortisation is recognised immediately in the Statement of Financial Performance.

6.2 Impairment of Non-Cash generating assets

The municipality assesses at each reporting date whether there is any indication that an asset may be impaired. If any such indication exists, the municipality estimates the recoverable service amount of the asset.

If there is any indication that an asset may be impaired, the recoverable service amount is estimated for the individual asset. If it is not possible to estimate the recoverable service amount of the individual asset, the recoverable service amount of the cash-generating unit to which the asset belongs is determined.

The recoverable service amount is the higher of a non-cash generating asset's fair value less costs to sell and its value in use.

The value in use for a non-cash generating asset is the present value of the asset's remaining service potential.

Fair value less costs to sell is the amount obtainable from the sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the costs of disposal.

If the recoverable service amount of an asset is less than its carrying amount, the carrying amount of the asset is reduced to its recoverable service amount. That reduction is an impairment loss.

EMTHANJENI LOCAL MUNICIPALITY

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

6. IMPAIRMENT OF ASSETS (continued)

An impairment loss of assets carried at cost less any accumulated depreciation or amortisation is recognised immediately in the Statement of Financial Performance. Any impairment loss of a revalued asset is treated as a revaluation decrease.

An impairment loss is recognised for non-cash generating units if the recoverable service amount of the unit is less than the carrying amount of the unit. The impairment loss is allocated to reduce the carrying amount of the assets of the unit as follows:
(i) to the assets of the unit, pro rata on the basis of the carrying amount of each asset in the unit.

A municipality assesses at each reporting date whether there is any indication that an impairment loss recognised in prior period for assets may no longer exist or may have decreased. If any such indication exists, the recoverable service amounts of those assets are estimated.

The increased carrying amount of an asset attributable to a reversal of an impairment loss does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior periods.

A reversal of an impairment loss of assets carried at cost less accumulated depreciation or amortisation is recognised immediately in the Statement of Financial Performance. Any reversal of an impairment loss of a revalued asset is treated as a revaluation increase.

7. FINANCIAL INSTRUMENTS

The municipality has various types of financial instruments and these can be broadly categorised as either financial assets, financial liabilities or residual interests in accordance with the substance of the contractual agreement. The municipality only recognises a financial instrument when it becomes a party to the contractual provisions of the instrument.

Initial recognition

Financial assets and financial liabilities are recognised on the entity's Statement of Financial Position when the entity becomes party to the contractual provisions of the instrument

The Entity does not offset a financial asset and a financial liability unless a legally enforceable right to set off the recognised amounts currently exist; and the entity intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

7.1 Financial Assets - Classification

A financial asset is any asset that is cash, a contractual right to receive cash or another financial asset from another entity.

In accordance with GRAP 104 the Financial Assets of the municipality are classified as follows into the three categories allowed by this standard:

- Financial Asset at fair value
- Financial Asset at fair amortised cost
- Financial Asset at cost

Financial asset at amortised cost are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for maturities greater than 12 months, which are classified as non-current assets. Financial asset at amortised cost are initially recognised at fair value plus transaction costs that are directly attributable to the acquisition or issue of the financial asset. After initial recognition Financial Assets are measured at amortised cost, using the effective interest rate method less a provision for impairment.

EMTHANJENI LOCAL MUNICIPALITY

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

7. FINANCIAL INSTRUMENTS (continued)

Financial assets measured at fair value are financial assets that meet either of the following conditions:

- (a) derivatives;
- (b) combined instruments that are designated at fair value
- (c) instruments held for trading.
- (d) non-derivative financial assets or financial liabilities with fixed or determinable payments that are designated at fair value at initial recognition; or
- (e) financial instruments that do not meet the definition of financial instruments at amortised cost or financial instruments at cost

Financial assets measured at cost are investments in residual interests that do not have a quoted market price in an active market, and whose fair value cannot be reliably measured.

The municipality has the following types of financial assets as reflected on the face of the Statement of Financial Position or in the notes thereto:

Type of Financial Asset	Classification in terms of GRAP 104
Short-term Investment Deposits – Call	Financial asset at amortised cost
Bank Balances and Cash	Financial asset at amortised cost
Long-term Receivables	Financial asset at amortised cost
Consumer Debtors	Financial asset at amortised cost
Other Debtors	Financial asset at amortised cost
Investments in Fixed Deposits	Financial asset at amortised cost

Cash includes cash on hand (including petty cash) and cash with banks (including call deposits). Cash equivalents are short-term highly liquid investments, readily convertible into known amounts of cash that are held with registered banking institutions with maturities of three months or less and are subject to an insignificant risk of change in value. For the purposes of the cash flow statement, cash and cash equivalents comprise cash on hand, deposits held on call with banks, net of bank overdrafts. The municipality categorises cash and cash equivalents as financial assets: Financial asset at amortised cost.

7.2 Financial Liabilities - Classification

A financial liability is a contractual obligation to deliver cash or another financial asset to another entity.

There are three main categories of *Financial Liabilities*, the classification determining how they are measured. Financial liabilities may be measured at:

- (i) Financial liabilities measured at fair value or
- (ii) Financial liabilities measured at amortised cost
- (iii) Financial liabilities measured at cost

The municipality has the following types of financial liabilities as reflected on the face of the Statement of Financial Position or in the notes thereto:

Type of Financial Liabilities	Classification in terms of GRAP 104
Long term Liabilities	Financial liability at amortised cost
Other Creditors	Financial liability at amortised cost
Bank overdraft	Financial liability at amortised cost
Short-term Loans	Financial liability at amortised cost
Current portion of Long-Term Liabilities	Financial liability at amortised cost

Financial liabilities that are measured at fair value financial liabilities that are essentially held for trading (i.e. purchased with the intention to sell or repurchase in the short term; derivatives other than hedging instruments or are part of a portfolio of financial instruments where there is recent actual evidence of short-term profiteering or are derivatives).

EMTHANJENI LOCAL MUNICIPALITY

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

7. FINANCIAL INSTRUMENTS (continued)

Bank overdrafts are recorded based on the facility utilised. Finance charges on bank overdrafts are expensed as incurred.

7.3 Initial and Subsequent Measurement

7.3.1 Financial Assets:

Financial asset at amortised cost are initially measured at fair value plus transaction costs that are directly attributable to the acquisition or issue of the financial asset. Subsequently, these assets are measured at amortised cost using the Effective Interest Method less any impairment, with interest recognised on an effective yield basis.

Trade and other receivables (excluding Value Added Taxation, prepayments and operating lease receivables), loans to Municipality entities and loans that have fixed and determinable payments that are not quoted in an active market are classified as Financial asset at amortised cost.

Financial Assets measured at fair value are initially measured at fair value excluding directly attributable transaction costs. They are subsequently measured at fair value with unrealised gains or losses recognised directly in the Statement of Financial Performance.

Fair value methods and assumptions

The fair values of financial instruments are determined as follows:

The fair values of quoted investments are based on current bid prices.

7.3.2 Financial Liabilities:

Financial liabilities measured at fair value

Financial liabilities measured at fair value are stated at fair value, with any resulted gain or loss recognised in the Statement of Financial Performance.

Financial Liabilities measured at amortised cost

Any other financial liabilities are classified as "Other financial liabilities" (All payables, loans and borrowings are classified as other liabilities) and are initially measured at fair value, net of transaction costs. Trade and other payables, interest bearing debt including finance lease liabilities, non-interest bearing debt and bank borrowings are subsequently measured at amortised cost using the effective interest rate method. Interest expense is recognised in the Statement of Financial Performance by applying the effective interest rate.

Bank borrowings, consisting of interest-bearing short-term bank loans, repayable on demand and overdrafts are recorded at the proceeds received. Finance costs are accounted for using the accrual basis and are added to the carrying amount of the bank borrowing to the extent that they are not settled in the period that they arise.

Prepayments are carried at cost less any accumulated impairment losses.

7.4 Impairment of Financial Assets

Financial assets, other than those measured at fair value, are assessed for indicators of impairment at the end of each reporting period. Financial assets are impaired where there is objective evidence of impairment of Financial Assets (such as the probability of insolvency or significant financial difficulties of the debtor). If there is such evidence the recoverable amount is estimated and an impairment loss is recognised in accordance with GRAP 104.

EMTHANJENI LOCAL MUNICIPALITY

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

7. FINANCIAL INSTRUMENTS (continued)

Financial assets carried at amortised cost

Accounts receivable encompass long term debtors, consumer debtors and other debtors.

Initially Accounts Receivable are valued at fair value plus transaction costs and subsequently carried at amortised cost using the effective interest rate method. An estimate is made for doubtful debt based on past default experience of all outstanding amounts at year-end. Bad debts are written off the year in which they are identified as irrecoverable. Amounts receivable within 12 months from the date of reporting are classified as current.

A provision for impairment of accounts receivables is established when there is objective evidence that the municipality will not be able to collect all amounts due according to the original terms of receivables. The provision is made in accordance with GRA 104 whereby the recoverability of accounts receivable is assessed individually and then collectively after grouping the assets in financial assets with similar credit risk characteristics. The amount of the provision is the difference between the financial asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. Future cash flows in a group of financial assets that are collectively evaluated for impairment are estimated on the basis of historical loss experience for assets with credit risk characteristics similar to those in the group. Cash flows relating to short-term receivables are not discounted where the effect of discounting is immaterial.

Government accounts are not provided for as such accounts are regarded as receivable.

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets carried at amortised cost with the exception of consumer debtors, where the carrying amount is reduced through the use of an allowance account. When a consumer debtor is considered uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against revenue. Changes in the carrying amount of the allowance account are recognised in the Statement of Financial Performance.

Impairment of Financial Assets measured at cost

If there is objective evidence that an impairment loss has been incurred on an investment in a residual interest that is not measured at fair value because its fair value cannot be measured reliably, the amount of the impairment loss is measured as the difference between the carrying amount of the financial asset and the present value of estimated future cash flows discounted at the current market rate of return for a similar financial asset. Such impairment losses shall not be reversed.

7.5 Derecognition of Financial Assets

The municipality derecognises Financial Assets only when the contractual rights to the cash flows from the asset expire or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity, except when Council approves the write-off of Financial Assets due to non-recoverability.

If the municipality neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the municipality recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the municipality retains substantially all the risks and rewards of ownership of a transferred financial asset, the municipality continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

7.6 Derecognition of Financial Liabilities

The municipality derecognises Financial Liabilities when, and only when, the municipality's obligations are discharged, cancelled or they expire.

The municipality recognises the difference between the carrying amount of the financial liability (or part of a financial liability) extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, in the Statement of Financial Performance.

EMTHANJENI LOCAL MUNICIPALITY

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

8. INVENTORIES

8.1 Initial Recognition

Inventories comprise current assets held for sale, current assets for consumption or distribution during the ordinary course of business. Inventories are initially recognised at cost. Cost generally refers to the purchase price, plus taxes, transport costs and any other costs in bringing the inventories to their current location and condition. Where inventory is manufactured, constructed or produced, the cost includes the cost of labour, materials and overheads used during the manufacturing process.

Where inventory is acquired by the municipality for no or nominal consideration (i.e. a non-exchange transaction), the cost is deemed to be equal to the fair value of the item on the date acquired.

Direct costs relating to properties that will be sold as inventory are accumulated for each separately identifiable development. Costs also include a proportion of overhead costs.

8.2 Subsequent Measurement

Consumable stores, raw materials, work-in-progress and finished goods

Consumable stores, raw materials, work-in-progress, inventories distributed at no charge or for a nominal charge and finished goods are valued at the lower of cost and net realisable value (net amount that an entity expects to realise from the sale of inventory in the ordinary course of business). The cost is determined using the weighted average cost of commodities.

Water inventory

Water is regarded as inventory when the municipality purchases water in bulk with the intention to resell it to the consumers or use it internally, or where the municipality has incurred purification costs on water obtained from natural resources (rain, rivers, springs, boreholes etc.). However, water in dams, that are filled by natural resources and that has not yet been treated, and is under the control of the municipality but cannot be measured reliably as there is no cost attached to the water, and it is therefore not recognised in the Statement of Financial Position.

The basis of determining the cost of water purchased and not yet sold at Statement of Financial Position date comprises all costs of purchase, cost of conversion and other costs incurred in bringing the inventory to its present location and condition, net of trade discounts and rebates.

Water and purified effluent are valued by using the weighted average method, at the lowest of purified cost and net realisable value, insofar as it is stored and controlled in reservoirs at year-end.

Unsold properties

Unsold properties are valued at the lower of cost and net realisable value on a FIFO cost basis. Direct costs are accumulated for each separately identifiable development. Cost also includes a portion of overhead costs, if this relates to development.

Redundant and slow-moving inventories

Redundant and slow-moving inventories are identified and written down from cost to net realisable value with regard to their estimated economic or realisable values and sold by public auction. Net realisable value is the estimated selling price in the ordinary course of business, less applicable variable selling expenses. Differences arising on the measurement of such inventory at the lower of cost and net realisable value are recognised in the Statement of Financial Performance in the year in which they arise. The amount of any reversal of any write-down of inventories arising from an increase in net realisable value or current replacement cost is recognised as a reduction in the amount of inventories recognised as an expense in the period in which the reversal occurs.

EMTHANJENI LOCAL MUNICIPALITY

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

8. INVENTORIES (continued)

The carrying amount of inventories is recognised as an expense in the period that the inventory was sold, distributed, written off or consumed, unless that cost qualifies for capitalisation to the cost of another asset.

9. NON-CURRENT ASSETS HELD-FOR-SALE

9.1 Initial Recognition

Non-current Assets and Disposal Groups are classified as held-for-sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset (or disposal group) is available for immediate sale in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

9.2 Subsequent Measurement

Non-current Assets (and Disposal Groups) classified as held-for-sale are measured at the lower of their previous carrying amount and fair value less costs to sell.

A non-current asset is not depreciated (or amortised) while it is classified as held for sale, or while it is part of a disposal group classified as held for sale.

The gain or loss on the eventual sale of non-current assets held for sale is included in the Statement of Financial Performance gain or loss on sale of assets. The gain or loss on the eventual sale of non-current assets held for sale is calculated on the difference between the net disposal proceeds and the carrying amount of the individual asset or the disposal group.

10. REVENUE RECOGNITION

10.1 General

Revenue, excluding value-added taxation where applicable, is derived from a variety of sources which include rates levied, grants from other tiers of government and revenue from trading activities and other services provided. Revenue is recognised when it is probable that future economic benefits or service potential will flow to the municipality and these benefits can be measured reliably, except when specifically stated otherwise.

Revenue comprises the fair value of the consideration received or receivable for the sale of goods and services in the ordinary course of the municipality's activities. Revenue is shown net of value-added tax, returns, rebates and discounts.

The municipality recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the municipality and when specific criteria have been met for each of the municipalities' activities as described below. The amount of revenue is not considered to be reliably measurable until all contingencies relating to the sale have been resolved. The municipality bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement. Furthermore services rendered are recognised by reference to the stage of completion of the transaction at the reporting date.

Revenue from exchange transactions refers to revenue that accrued to the municipality directly in return for services rendered / goods sold, the value of which approximates the consideration received or receivable.

Revenue from non-exchange transactions refers to transactions where the municipality received revenue from another entity without directly giving approximately equal value in exchange. Revenue from non-exchange transactions is generally recognised to the extent that the related receipt or receivable qualifies for recognition as an asset and there is no liability to repay the amount.

EMTHANJENI LOCAL MUNICIPALITY

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

10. REVENUE RECOGNITION (continued)

10.2 Revenue from Exchange Transactions

10.2.1 Service Charges

Service charges relating to solid waste, sanitation and sewage are levied in terms of the approved tariffs.

Service charges relating to electricity and water are based on consumption. Meters are normally read on a monthly basis and are recognised as revenue when invoiced. Where meters are not read monthly, provisional estimates of consumption, based on the consumption history, are made monthly when meter readings have not been performed. The provisional estimates of consumption are recognised as revenue when invoiced, except at year-end when estimates of consumption up to year-end are recorded as revenue without being invoiced. Adjustments to provisional estimates of consumption are made in the invoicing period in which meters have been read. These adjustments are recognised as revenue in the invoicing period. In respect of estimates of consumption between the last reading date and the reporting date, an accrual is made based on the average monthly consumption of consumers.

Service charges relating to refuse removal are recognised on a monthly basis in arrears by applying the approved tariff to each property that has improvements. Tariffs are determined per category of property usage, and are levied monthly based on the number of refuse containers on each property, regardless of whether or not all containers are emptied during the month.

Service charges from sewerage and sanitation are based on the type of service and the number of sewer connections on all developed property, using the tariffs approved by Council and are levied monthly.

In circumstances where services cannot readily be measured and quantified, a flat rate service charge is levied monthly on such properties.

10.2.2 Pre-paid Electricity

Revenue from the sale of electricity pre-paid meter cards are recognised at the point of sale. An adjustment for an unutilised portion is made at year-end based on the average consumption history.

10.2.3 Finance income

Interest earned on investments is recognised in the Statement of Financial Performance on the time proportionate basis that takes into account the effective yield on the investment.

Interest earned on the following investments is not recognised in the Statement of Financial Performance:

- Interest earned on trust funds is allocated directly to the fund.
- Interest earned on unutilised conditional grants is allocated directly to the creditor: unutilised conditional grants, if the grant conditions indicate that interest is payable to the funder.

10.2.4 Tariff Charges

Revenue arising from the application of the approved tariff of charges is recognised when the relevant service is rendered by applying the relevant authorised tariff. This includes the issuing of licences and permits.

10.2.5 Income from Agency Services

Income for agency services is recognised on a monthly basis once the income collected on behalf of agents has been quantified. The income recognised is in terms of the agency agreement.

EMTHANJENI LOCAL MUNICIPALITY

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

10. REVENUE RECOGNITION (continued)

10.2.6 Sale of Goods (including Houses)

Revenue from the sale of goods is recognised when all the following conditions have been met:

- The municipality has transferred to the buyer the significant risks and rewards of ownership of the goods.
- The municipality retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold.
- The amount of revenue can be measured reliably.
- It is probable that the economic benefits or service potential associated with the transaction will flow to the municipality.
- The costs incurred or to be incurred in respect of the transaction can be measured reliably.

10.2.7 Rentals

Revenue from the rental of facilities and equipment is recognised on a straight-line basis over the term of the lease agreement.

10.2.8 Dividends

Dividends are recognised on the date that the municipality becomes entitled to receive the dividend in accordance with the substance of the relevant agreement, where applicable.

10.3 Revenue from Non-exchange Transactions

An inflow of resources from a non-exchange transaction, that meets the definition of an asset shall be recognised as an asset when it is probable that the future economic benefits or service potential associated with the asset will flow to the municipality and the fair value of the asset can be measured reliably. The asset shall be recognised as revenue, except to the extent that a liability is also recognised in respect of the same inflow.

A present obligation arising from a non-exchange transaction that meets the definition of a liability will be recognised as a liability when it is probable that an outflow of economic benefit will be required to settle the obligation and a reliable estimate of the amount can be made.

10.3.1 Rates And Taxes

Revenue from property rates is recognised when the legal entitlement to this revenue arises. Collection charges are recognised when such amounts are legally enforceable. Penalty interest on unpaid rates is recognised on a time proportion basis with reference to the principal amount receivable and effective interest rate applicable. A composite rating system charging differential rate tariffs is employed. Rebates are granted to certain categories of ratepayers and are deducted from revenue.

10.3.2 Fines

Revenue from the issuing of fines is recognised when it is probable that the economic benefits or service potential will flow to the entity and the amount of the revenue can be measured reliably.

Fines consist of spot fines and summonses. Revenue for fines is recognised when the fine is issued at the full amount of the receivable.

Assessing and recognising impairment is an event that takes place subsequent to the initial recognition of revenue charged. An entity assesses the probability of collecting revenue when accounts fall into arrears. Such an assessment is not to be made at the time of initial recognition.

EMTHANJENI LOCAL MUNICIPALITY

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

10. REVENUE RECOGNITION (continued)

10.3.3 Government Grants And Receipts

Equitable share allocations are recognised in revenue at the start of the financial year if no time-based restrictions exist.

Conditional Grants and receipts

Conditional grants, donations and funding are recognised as revenue to the extent that the municipality has complied with any of the criteria, conditions or obligations embodied in the agreement. Where the agreement contains a stipulation to return the asset or other future economic benefits or service potential, in the event of non-compliance to these stipulations and would be enforced against the transferor, a liability is recognised to the extent that the criteria, conditions or obligations have not been met. Where such requirements are not enforceable, or where past experience has indicated that the transferor has never enforced the requirement to return the transferred asset, other future economic benefits or service potential when breaches have occurred, the stipulation will be considered a restriction and is recognised as revenue.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the municipality with no future related costs are recognised in the Statement of Financial Performance in the period in which they become receivable.

Revenue is recognised when all conditions associated with the contribution have been met or where the contribution is to finance property, plant and equipment, when such items of property, plant and equipment are brought into use.

10.3.4 Revenue From Recovery of Unauthorised, Irregular, Fruitless And Wasteful Expenditure

Revenue from the recovery of unauthorised, irregular, fruitless and wasteful expenditure is based on legislated procedures, including those set out in the Municipal Finance Management Act (Act No.56 of 2003) and is recognised when the recovery thereof from the responsible councillors or officials is virtually certain.

11. PROVISIONS

Provisions for environmental restoration, rehabilitation, restructuring costs and legal claims are recognised when the municipality has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate can be made of the obligation.

The best estimate of the expenditure required to settle the present obligation is the amount that an entity would rationally pay to settle the obligation at the reporting date or to transfer it to a third party at that time and are determined by the judgment of the management of the entity, supplemented by experience of similar transactions and, in some cases, reports from independent experts. The evidence considered includes any additional evidence provided by events after the reporting date. Uncertainties surrounding the amount to be recognised as a provision are dealt with by various means according to the circumstances. Where the provision being measured involves a large population of items, the obligation is estimated by weighting all possible outcomes by their associated probabilities.

Future events that may affect the amount required to settle an obligation are reflected in the amount of a provision where there is sufficient objective evidence that they will occur. Gains from the expected disposal of assets are not taken into account in measuring a provision. Provisions are not recognised for future operating losses. The present obligation under an onerous contract is recognised and measured as a provision. An onerous contract is a contract in which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under it. The unavoidable costs under the contract reflect the least net cost of exiting from the contract, which is the lower of the cost of fulfilling it and any compensation or penalties arising from failure to fulfil it - this unavoidable cost resulting from the contract is the amount of the provision to be recognised.

EMTHANJENI LOCAL MUNICIPALITY

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

11. PROVISIONS (continued)

Provisions are reviewed at reporting date and the amount of a provision is the present value of the expenditure expected to be required to settle the obligation. When the effect of discounting is material, provisions are determined by discounting the expected future cash flows that reflect current market assessments of the time value of money. The impact of the periodic unwinding of the discount is recognised in the Statement of Financial Performance as a finance cost as it occurs.

Environmental rehabilitation provisions

Estimated long-term environmental provisions, comprising rehabilitation and landfill site closure, are based on the Entity's policy taking into account current technological, environmental and regulatory requirements. The provision for rehabilitation is recognised as and when the environmental liability arises. To the extent that the obligations relate to the asset, they are capitalised as part of the cost of those assets. Any subsequent changes to an obligation that did not relate to the initial related asset are charged to the Statement of Financial Performance.

12. EMPLOYEE BENEFITS

12.1 Short-Term Employee Benefits

Remuneration to employees is recognised in the Statement of Financial Performance as the services are rendered, except for non-accumulating benefits, which are only recognised when the specific event occurs.

The municipality treats its provision for leave pay as an accrual.

The costs of all short-term employee benefits such as leave pay, are recognised during the period in which the employee renders the related service. The liability for leave pay is based on the total accrued leave days at year end and is shown as a creditor in the Statement of Financial Position. The municipality recognises the expected cost of performance bonuses only when the municipality has a present legal or constructive obligation to make such payment and a reliable estimate can be made.

12.2 Post-Employment Benefits

The municipality provides retirement benefits for its employees and councillors, and has both defined benefit and defined contribution post-employment plans.

12.2.1 Defined Contribution Plans

A **defined contribution plan** is a plan under which the municipality pays fixed contributions into a separate entity. The municipality has no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay employees the benefits relating to service in the current or prior periods.

The municipality's contributions to the defined contribution funds are established in terms of the rules governing those plans. Contributions are recognised in the Statement of Financial Performance in the period in which the service is rendered by the relevant employees. The municipality has no further payment obligations once the contributions have been paid. The contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

12.2.2 Defined Benefit Plans

A **defined benefit plan** is a post-employment benefit plan other than a defined contribution plan.

EMTHANJENI LOCAL MUNICIPALITY

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

12. EMPLOYEE BENEFITS (continued)

12.3 Post-Retirement Health Care Benefits:

The municipality has an obligation to provide Post-retirement Health Care Benefits to certain of its retirees. According to the rules of the Medical Aid Funds, with which the municipality is associated, a member (who is on the current Conditions of Service on retirement, is entitled to remain a continued member of the Medical Aid Fund, in which case the municipality is liable for a certain portion of the medical aid membership fee.

The defined benefit liability is the aggregate of the present value of the defined benefit obligation and unrecognised actuarial gains and losses, reduced by unrecognised past service costs. The plan is unfunded. The present value of the defined benefit obligation is calculated using the projected unit credit method, incorporating actuarial assumptions and a discount rate based on the government bond rate. Valuations of these obligations are carried out annually by independent qualified actuaries.

Actuarial gains or losses recognised immediately in the Statement of Financial Performance.

Past-service costs are recognised immediately in the Statement of Financial Performance.

12.4 Long-Service Allowance

The municipality has an obligation to provide Long-service Allowance Benefits to all of its employees. According to the rules of the Long-service Allowance Scheme, which the municipality instituted and operates, an employee (who is on the current Conditions of Service), is entitled to a cash allowance, calculated in terms of the rules of the scheme, after 10, 15, 20, 25 and 30 years of continued service. The municipality's liability is based on an actuarial valuation. The projected unit credit method has been used to value the liabilities. Actuarial gains and losses on the long-term incentives are accounted for through the statement of financial performance.

12.5 Defined Benefit Pension Plans

The municipality has an obligation to provide Post-retirement pension Benefits to certain of its retirees. Pension contributions in respect of employees who were not members of a pension fund are recognised as an expense when incurred. Staff provident funds are maintained to accommodate personnel who, due to age, cannot join or be part of the various pension funds. The Entity contributes monthly to the funds.

The liability recognised in the balance sheet in respect of defined benefit pension plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets, together with adjustments for unrecognised past-service costs. The defined benefit obligation is calculated annually by independent actuaries using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related pension liability.

Actuarial gains or losses recognised immediately in the Statement of Financial Performance.

Past-service costs are recognised immediately in the Statement of Financial Performance.

The municipality changed its accounting policy from IAS 19 to GRAP 25 with no effect on the financial information disclosed previously.

EMTHANJENI LOCAL MUNICIPALITY

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

13. LEASES

Lease Classification

Leases are classified as finance leases where substantially all the risks and rewards associated with ownership of an asset are transferred to the municipality.

Leases of property, plant and equipment, in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases.

13.1 The Municipality As Lessee

Finance leases

Where the Municipality enters into a finance lease, property, plant and equipment or intangible assets subject to finance lease agreements are capitalised at amounts equal to the fair value of the leased asset or, if lower, the present value of the minimum lease payments, each determined at the inception of the lease. Corresponding liabilities are included in the Statement of Financial Position as Finance Lease Liabilities. The corresponding liabilities are initially recognised at the inception of the lease and are measured as the sum of the minimum lease payments due in terms of the lease agreement, discounted for the effect of interest. In discounting the lease payments, the municipality uses the interest rate that exactly discounts the lease payments at an unguaranteed residual value to the fair value of the asset plus any direct costs incurred. Lease payments are allocated between the lease finance cost and the capital repayment using the effective interest rate method. Lease finance costs are expensed when incurred.

Subsequent to initial recognition, the leased assets are accounted for in accordance with the stated accounting policies applicable to property, plant, equipment or intangibles. The lease liability is reduced by the lease payments, which are allocated between the lease finance cost and the capital repayment using the effective interest rate method. Lease finance costs are expensed when incurred. The accounting policies relating to derecognition of financial instruments are applied to lease payable. The lease asset is depreciated over the shorter of the asset's useful life or the lease term.

Operating leases

The municipality recognises operating lease rentals as an expense in the statement of financial performance on a straight-line basis over the term of the relevant lease. The difference between the amounts recognised as an expense and the contractual payments are recognised as an operating lease asset or liability.

In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight-line basis, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

13.2 The Municipality As Lessor

Amounts due from lessees under finance leases or instalment sale agreements are recorded as receivables at the amount of the Municipality's net investment in the leases. Finance lease or instalment sale income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Municipality's net investment outstanding in respect of the leases or instalment sale agreements.

Operating lease rental income is recognised on a straight-line basis over the term of the relevant lease.

EMTHANJENI LOCAL MUNICIPALITY

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

13. LEASES (continued)

13.3 Determining Whether An Arrangement Contains A Lease

At inception of an arrangement, the Municipality determines whether such an arrangement is or contains a lease. A specific asset is the subject of a lease if fulfilment of the arrangement is dependent on the use of that specified asset. An arrangement conveys the right to use the asset if the arrangement conveys to the Municipality the right to control the use of the underlying asset. At inception or upon reassessment of the arrangement, the Municipality separates payments and other consideration required by such an arrangement into those for the lease and those for other elements on the basis of their relative fair values. If the Municipality concludes for a finance lease that it is impracticable to separate the payments reliably, an asset and a liability are recognised at an amount equal to the fair value of the underlying asset. Subsequently the liability is reduced as payments are made and an imputed finance charge on the liability is recognised using the Municipality's incremental borrowing rate.

14. BORROWING COSTS

The municipality capitalises borrowing costs incurred that are directly attributable to the acquisition, construction or production of a qualifying asset as part of the cost of that asset only when the commencement date for capitalisation is on or after 1 July 2008 while all other borrowing costs incurred (including borrowing cost incurred on qualifying assets where the commencement date for capitalisation is prior to 1 July 2008) are recognised as an expense in the Statement of Financial Performance in accordance with the requirements of GRAP 5. To the extent that an entity borrows funds generally and uses them for the purpose of obtaining a qualifying asset, the entity shall determine the amount of borrowing costs eligible for capitalisation by applying a capitalisation rate to the expenditure on that asset. The capitalisation rate shall be the weighted average of the borrowing costs applicable to the borrowings of the entity that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs that an entity capitalises during a period shall not exceed the amount of borrowing costs it incurred during that period.

The municipality ceases to capitalise borrowing costs when substantially all the activities necessary to prepare the qualifying assets for its intended use has been completed. Where the construction of the qualifying asset is completed in parts and each part is capable of being used while construction continues on other parts, the entity shall cease capitalising borrowing costs when it completes substantially all the activities necessary to prepare that part.

15. GRANTS-IN-AID

The municipality transfers money to individuals, organisations and other sectors of government from time to time. When making these transfers, the municipality does not:

- receive any goods or services directly in return, as would be expected in a purchase or sale transaction;
- expect to be repaid in future; or
- expect a financial return, as would be expected from an investment.

These transfers are recognised in the Statement of Financial Performance as expenses in the period that the events giving rise to the transfer occurred.

16. VALUE ADDED TAX

The Municipality is registered with SARS for VAT on the payments basis, in accordance with Section 15(2)(a) of the Value-Added Tax Act No 89 of 1991.

EMTHANJENI LOCAL MUNICIPALITY

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

17. UNAUTHORISED EXPENDITURE

Unauthorised expenditure is expenditure that has not been budgeted, expenditure that is not in terms of the conditions of an allocation received from another sphere of government, municipality or organ of state and expenditure in the form of a grant that is not permitted in terms of the Municipal Finance Management Act (Act No 56 of 2003). All expenditure relating to unauthorised expenditure is recognised as an expense in the statement of financial performance in the year that the expenditure was incurred. The expenditure is classified in accordance with the nature of the expense, and where recovered, it is subsequently accounted for as revenue in the statement of financial performance.

18. IRREGULAR EXPENDITURE

Irregular expenditure is expenditure that is contrary to the Municipal Finance Management Act (Act No 56 of 2003), the Municipal Systems Act (Act No 32 of 2000) and the Public Office Bearers Act (Act No 20 of 1998) or is in contravention of the Municipality or Municipal Entities' supply chain management policies. Irregular expenditure excludes unauthorised expenditure. Irregular expenditure is accounted for as an expense in the Statement of Financial Performance in the period it occurred and where recovered, it is subsequently accounted for as revenue in the Statement of Financial Performance.

19. FRUITLESS AND WASTEFUL EXPENDITURE

Fruitless and wasteful expenditure is expenditure that was made in vain and would have been avoided had reasonable care been exercised. All expenditure relating to fruitless and wasteful expenditure is recognised as an expense in the statement of financial performance in the year that the expenditure was incurred. The expenditure is classified in accordance with the nature of the expense, and where recovered, it is subsequently accounted for as revenue in the statement of financial performance.

20. CHANGES IN ACCOUNTING POLICIES, ESTIMATES AND ERRORS

Changes in accounting policies that are effected by management have been applied retrospectively in accordance with GRAP requirements, except to the extent that it is impracticable to determine the period-specific effects or the cumulative effect of the change in policy. In such cases the municipality shall restate the opening balances of assets, liabilities and net assets for the earliest period for which retrospective restatement is practicable. Refer to note 40 for details of changes in accounting policies.

Changes in accounting estimates are applied prospectively in accordance with GRAP 3 requirements. Details of changes in estimates are disclosed in the notes to the annual financial statements where applicable.

Correction of errors is applied retrospectively in the period in which the error has occurred in accordance with GRAP 3 requirements, except to the extent that it is impracticable to determine the period-specific effects or the cumulative effect of the error. In such cases the municipality shall restate the opening balances of assets, liabilities and net assets for the earliest period for which retrospective restatement is practicable. Refer to Note 41 to the Annual Financial Statements for details of correction of errors recorded during the period under review.

21. RELATED PARTIES

Individuals as well as their close family members, and/or entities are related parties if one party has the ability, directly or indirectly, to control or jointly control the other party or exercise significant influence over the other party in making financial and/or operating decisions. Management is regarded as a related party and comprises the councillors, Executive Mayor, Mayor Committee members, Municipal Manager, executive directors and all other managers reporting directly to the Municipal Manager or as designated by the Municipal Manager.

The municipality changed its accounting policy from IPSAS 20 to GRAP 20 with no effect on the financial information disclosed previously.

EMTHANJENI LOCAL MUNICIPALITY

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

22. EVENTS AFTER THE REPORTING DATE

Events after the reporting date that are classified as adjusting events have been accounted for in the Annual Financial Statements. The events after the reporting date that are classified as non-adjusting events after the reporting date have been disclosed in the notes to the Annual Financial Statements.

23. COMPARATIVE INFORMATION

23.1 Prior Year Comparatives

When the presentation or classification of items in the Annual Financial Statements is amended, prior period comparative amounts are reclassified. The nature and reasons for the reclassification are disclosed.

23.2 Budget Information

The annual budget figures have been prepared in accordance with the GRAP standard and are consistent with the accounting policies adopted by the Council for the preparation of these financial statements. The amounts are scheduled as a separate additional financial statement, called the Statement of Comparison of Budget and Actual amounts. Explanatory comment is provided in the notes to the annual financial statements giving firstly reasons for overall growth or decline in the budget and secondly motivations for over- or underspending on line items. The annual budget figures included in the financial statements are for the Municipality and do not include budget information relating to subsidiaries or associates. These figures are those approved by the Council at the beginning and during the year following a period of consultation with the public as part of the Integrated development plan. The budget is approved on an accrual basis by nature classification. The approved budget covers the period from 1 July 2013 to 30 June 2014.

24. CONTINGENT ASSETS AND CONTINGENT LIABILITIES

Contingent liabilities represent a possible obligation that arises from past events and whose existence will be confirmed only by an occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity.

A contingent liability can also arise as a result of a present obligation that arises from past events but which is not recognised as a liability either because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

Contingent assets represent possible assets that arise from past events and whose existence will be confirmed only by an occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity.

25. TREATMENT OF ADMINISTRATION AND OTHER OVERHEAD EXPENSES

The costs of internal support services are transferred to the various services and departments to whom resources are made available.

EMTHANJENI LOCAL MUNICIPALITY

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

26. CAPITAL COMMITMENTS

Items are classified as commitments where the Municipality commits itself to future transactions that will normally result in the outflow of resources.

Capital commitments are not recognised in the statement of financial position as a liability but are included in the disclosure notes in the following cases:

- Approved and contracted commitments, where the expenditure has been approved and the contract has been awarded at the reporting date, where disclosure is required by a specific standard of GRAP.
- Approved but not yet contracted commitments, where the expenditure has been approved and the contract has yet to be awarded or is awaiting finalisation at the reporting date.
- Items are classified as commitments where the municipality commits itself to future transactions that will normally result in the outflow of resources.
- Contracts that are entered into before the reporting date, but goods and services have not yet been received are disclosed in the disclosure notes to the financial statements.
- Other commitments for contracts are non-cancellable or only cancellable at significant cost contracts should relate to something other than the business of the municipality.

Total Receivables from Exchange Transactions	80,607,597	(34,004,001)	46,603,596

The management of the municipality is of the opinion that the carrying value of receivables approximate their fair values.

The fair value of receivables was determined after considering the standard terms and conditions of agreements entered into between the municipality and receivables as well as the current payment ratios of the municipality's receivables.

Receivables from Exchange Transactions are billed monthly, latest end of month. No interest is charged on receivables until the end of the following month. Thereafter interest is charged at a rate determined by council on the outstanding balance. The municipality strictly enforces its approved credit control policy to ensure the recovery of receivables.

Other Receivables include outstanding debtors for various other services, e.g. Arrangements, Deposits, Housing, interest, Rentals and Sundry Services like Garden Refuse, Sanitation Bags, etc.

The municipality receives applications that it processes. Deposits are required to be paid for all electricity and water accounts opened. There are no consumers who represent more than 5% of the total balance of receivables.

At 30 June 2014, the municipality is owed R4 386 769 by National and Provincial Government.

The municipality did not pledge any of its receivables as security for borrowing purposes.

4.3 Reconciliation of the Provision for Impairment

Balance at beginning of year	(34,004,000)	(27,272,274)
Impairment Losses recognised	(30,794,688)	(6,731,726)
Impairment Losses reversed	-	-
Amounts written off as uncollectable	19,477,908	-
Amounts recovered	-	-
Balance at end of year	<u>(45,320,780)</u>	<u>(34,004,000)</u>

In determining the recoverability of receivables, the municipality has placed strong emphasis on verifying the indigent status of consumers. Provision for impairment of receivables has been made for all consumer balances outstanding based on the payment ratio over 12 months per service type. No further credit provision is required in excess of the provision for impairment.

Included in the municipality's receivables balance are debtors with a carrying amount of R23 258 650 (2013: R40 452 044) which are past due at the reporting date for which the municipality has not provided as there has not been a significant change in credit quality and the amounts are still considered recoverable. The municipality holds collateral over these balances in the form of Consumer Deposits (see Note 14), which are not covering the total outstanding debt. The average age of these receivables is 84 days (2013: 85 days).

No provision has been made in respect of government debt as these amounts are considered to be fully recoverable. The municipality holds collateral over these balances in the form of Consumer Deposits, which are not covering the total outstanding debt and vacant property respectively.

No Financial Assets have been transferred to other parties during the year.

5. RECEIVABLES FROM NON-EXCHANGE TRANSACTIONS

	Gross Balances R	Provision for Impairment R	Net Balances R
As at 30 June 2014			
Assessment Rates Debtors	13,400,895	(7,067,368)	6,333,528
Payments Made In Advance	74,698	-	74,698
Sundry Deposits	1,014,610	-	1,014,610
Sundry Debtors	22,275,207	(19,895,792)	2,379,415
Total Receivables from Non-exchange Transactions	36,765,411	(26,963,160)	9,802,251
	Gross Balances R	Provision for Impairment R	Net Balances R
As at 30 June 2013			
Assessment Rates Debtors	12,419,723	(3,229,774)	9,189,949
Payments Made In Advance	75,335	-	75,335
Sundry Deposits	109,610	-	109,610
Sundry Debtors	676,656	-	676,656
Total Receivables from Non-exchange Transactions	13,281,324	(3,229,774)	10,051,550

Sundry Deposits are in respect of cash deposits amounting to R64 610 (2013: R59 610) made to fuel station for the supply of fuel, R900 000 (2013: R0) made to Eskom and R50 000 (2013: R50 000) made to the S.A. Post Office for postal services.

Sundry Debtors are in respect of debits outstanding at year-end on normal business transactions entered into by the municipality.

The average credit period for Receivables is 30 days. No interest is charged for the first 30 days from the date of the invoice. Thereafter interest is charged at the prime rate, charged by the municipality's banker, plus one percent per annum on the outstanding balance. The municipality strictly enforces its approved credit control policy to ensure the recovery of Receivables.

The municipality does not hold deposits or other security for its Receivables.

None of the Receivables have been pledged as security for the municipality's financial liabilities.

The management of the municipality is of the opinion that the carrying value of Receivables approximate their fair values.

The fair value of Receivables was determined after considering the standard terms and conditions of agreements entered into between the municipality and National / Provincial Departments as well as Other Debtors. The current payment ratios of Other Debtors were also taken into account for fair value determination.

5.3 Reconciliation of Provision for Impairment

Balance at beginning of year	(3,229,774)	(2,370,718)
Impairment Losses recognised	(6,516,776)	(859,056)
Impairment Losses reversed	-	-
Amounts written off as uncollectable	(17,216,610)	-
Amounts recovered	-	-
Balance at end of year	(26,963,160)	(3,229,774)

The Provision for Impairment on Receivables exists predominantly due to the possibility that these debts will not be recovered. Loans and receivables were assessed individually and grouped together at the Statement of Financial Position as financial assets with similar credit risk characteristics and collectively assessed for impairment.

The Provision for Impairment was calculated after grouping all the financial assets of similar nature and risk ratings and by calculating the historical payment ratios for the groupings and by assuming that the future payment ratios would be similar to the historical payment ratios.

In determining the recoverability of a Rates Assessment Debtor and Receivables from Non-exchange Transactions, the municipality considers any change in the credit quality of the Rates Assessment Debtor from the date credit was initially granted up to the reporting date. The concentration of credit risk is limited due to the customer base being large and unrelated. Accordingly, the management believe that there is no further credit provision required in excess of the Provision for Impairment.

No Provision for Impairment has been made in respect of government debt as these amounts are considered to be fully recoverable. The municipality holds collateral over these balances in the form of Rates Assessment Deposits / Guarantees, which are not covering the total outstanding debt and vacant property respectively.

The following Loans and Receivables are included in the total amount of the Provision for Impairment:

Sundry Debtors

Total Provision for Impairment on Receivables from Non-exchange Transactions

6. VAT RECEIVABLE

VAT Receivable

262,780

VAT is payable on the receipts basis. Only once payment is received from debtors, VAT is paid over to

No interest is payable to SARS if the VAT is paid over timeously, but interest for late payments is charged according to SARS policies. The municipality has financial risk policies in place to ensure that payments are affected before the due date.

EMTHANJENI LOCAL MUNICIPALITY

Interest on overdrawn current accounts are charged at the banker's prime rate plus two percent per annum. Interest is earned at different rates per annum on favourable balances.

7.3 Cash and Cash Equivalents

Cash Floats and Advances	1,400	1,400
Total Cash on hand in Cash Floats, Advances and Equivalents	1,400	1,400

The municipality did not pledge any of its Cash and Cash Equivalents as collateral for its financial

No restrictions have been imposed on the municipality in terms of the utilisation of its Cash and Cash

The management of the municipality is of the opinion that the carrying value of Current Investment Deposits, Bank Balances, Cash and Cash Equivalents recorded at amortised cost in the Annual Financial Statements approximate their fair values.

The fair value of Current Investment Deposits, Bank Balances, Cash and Cash Equivalents was determined after considering the standard terms and conditions of agreements entered into between the municipality and financial institutions.

EMTHANJENI LOCAL MUNICIPALITY
NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

	2014 R	2013 R
8. OPERATING LEASE RECEIVABLES		
Operating Leases are recognised on the straight-line basis as per the requirement of GRAP 13. In respect of Non-cancellable Operating Leases the following assets have been recognised:		
Balance at beginning of year	120,623	199,554
Operating Lease Revenue recorded	(25,602)	(78,931)
Operating Lease Revenue effected	-	-
Total Operating Lease Assets	95,021	120,623
Less: Amounts due for settlement within 12 months (Current Portion)	(31,791)	(25,602)
Operating Lease Assets due for settlement after 12 months (Non-current Portion)	63,231	95,021

8.1 Leasing Arrangements

The Municipality as Lessor:

Operating Leases relate to Property owned by the municipality with lease terms of between 5 to 11 years, with an option to extend. All operating lease contracts contain market review clauses in the event that the lessee exercises its option to renew. The lessee does not have an option to purchase the property at the expiry of the lease period.

8.2 Amounts receivable under Operating Leases

At the Reporting Date the following minimum lease payments were receivable under Non-cancellable Operating Leases for Property, Plant and Equipment, which are receivable as follows:

Up to 1 year	31,791	25,602
2 to 5 years	63,230	95,021
More than 5 years	-	21,208
Total Operating Lease Arrangements	95,021	141,830

The impact of charging the escalations in Operating Leases on a straight-line basis over the term of the lease has been a decrease of R25 602 (2013: decrease of R78 931) in current year income.

The following restrictions have been imposed by the municipality in terms of the lease agreements:

- (i) The lessee shall not have the right to sublet, cede or assign the whole or any portion of the premises
- (ii) The lessor or its duly authorised agent, representative or servant shall have the right at all reasonable times to inspect the premises let.
- (iii) The lessee shall use the premises let for the sole purpose prescribed in the agreement.

14. CONSUMER DEPOSITS

Electricity and Water	1,949,136	1,825,041
Total Consumer Deposits	<u>1,949,136</u>	<u>1,825,041</u>

Consumer Deposits are paid by consumers on application for new water and electricity connections. The deposits are repaid when the water and electricity connections are terminated. In cases where consumers default on their accounts, the municipality can utilise the deposit as payment for the outstanding account.

No interest is paid on Consumer Deposits held.

The management of the municipality is of the opinion that the carrying value of Consumer Deposits approximates their fair values.

The fair value of Consumer Deposits was determined after considering the standard terms and conditions of agreements entered into between the municipality and its consumers.

15. PROVISIONS

Current Portion of Post-retirement Medical Aid Benefits Liability	1,000,584	882,492
Current Portion of Long-term Service	412,920	419,799
Total Provisions	<u>1,413,504</u>	<u>1,302,291</u>

The movement in provisions are reconciled as follows:

Current Portion of Non-Current Provisions:

	Long-term Service R	Post-retirement R
2014		
Balance at beginning of year	419,799	882,492
Contributions to provision	-	118,092
Expenditure incurred	-	-
Balance at end of year	<u>412,920</u>	<u>1,000,584</u>

EMTHANJENI LOCAL MUNICIPALITY
NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

	2014 R	2013 R
15. PROVISIONS (continued)		
	Long-term Service R	Post-retirement R
2013		
Balance at beginning of year	-	778,080
Contributions to provision	419,799	104,412
Expenditure incurred	-	-
Balance at end of year	<u>419,799</u>	<u>882,492</u>

16. PAYABLES FROM EXCHANGE TRANSACTIONS

Trade Creditors	66,037	1,397,185
Payments received in Advance	1,852,624	738,817
Retentions	1,286,997	993,780
Staff Bonuses	1,873,069	1,648,427
Sundry Deposits	240,360	212,059
Other Creditors	2,698,912	1,830,329
Department of Housing	0	421,638
Salary Control Account	(0)	445,614
Accrued Leave	4,311,470	3,816,770
Total Payables	<u>12,329,470</u>	<u>11,504,617</u>

The average credit period on purchases is 30 days from the receipt of the invoice, as determined by the MFMA, except when the liability is disputed. No interest is charged for the first 30 days from the date of receipt of the invoice. Thereafter interest is charged in accordance with the credit policies of the various individual creditors that the municipality deals with. The municipality has policies in place to ensure that all payables are paid within the credit timeframe.

The municipality did default on payment of its reditors. However, no terms for payment have been re-negotiated by the municipality.

The management of the municipality is of the opinion that the carrying value of reditors approximates their fair values.

The fair value of Creditors was determined after considering the standard terms and conditions of agreements entered into between the municipality and other parties.

17. PAYABLES FROM NON-EXCHANGE TRANSACTIONS

Payments received in Advance	1,552,637	844,342
Total Payables	<u>1,552,637</u>	<u>844,342</u>

No credit period exists for Payables from non-exchange transactions, neither has any credit period been arranged. No interest is charged on outstanding amounts.

The municipality did not default on any payment of its creditors. No terms for payment have been re-negotiated by the municipality.

The management of the municipality is of the opinion that the carrying value of creditors approximates their fair values.

The fair value of creditors was determined after considering the standard terms and conditions of agreements entered into between the municipality and other parties.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

	2014 R	2013 R
18. UNSPENT CONDITIONAL GRANTS AND RECEIPTS		
18.1 Conditional Grants from Government	6,837,471	12,119,810
National Government Grants	1,510,962	6,053,160
Provincial Government Grants	5,287,322	5,793,667
Local Government Grants	39,188	272,983
18.2 Other Conditional Receipts		
Public Contributions	-	-
Total Conditional Grants and Receipts	6,837,471	12,119,810

The Unspent Conditional Grants and Receipts are invested in investment accounts until utilised.

See Note 25 for the reconciliation of Grants from Government. The Unspent Grants are cash backed by term deposits. The municipality complied with the conditions attached to all grants received to the extent of revenue recognised. No grants were withheld.

Refer to Appendix "F" for more detail on Conditional Grants.

19. VAT PAYABLE

VAT Payable	-	4,210,806
-------------	---	-----------

VAT is payable on the receipts basis. Only once payment is received from debtors, VAT is paid over to SARS.

No interest is payable to SARS if the VAT is paid over timeously, but interest for late payments is charged according to SARS policies. The municipality has financial risk policies in place to ensure that payments are affected before the due date.

20. LONG-TERM LIABILITIES

Annuity Loans	5,988,903	8,492,623
Sub-total	5,988,903	8,492,623
Less: Current Portion transferred to Current Liabilities:		
Annuity Loans	(2,757,975)	(2,484,682)
	(2,757,975)	(2,484,682)
Total Long-term Liabilities (Neither past due, nor impaired)	3,230,928	6,007,941

20.1 Summary of Arrangements

Annuity Loans are repaid over periods varying from 5 to 10 (2013: 5 to 10) years and at interest rates varying from 9.60% to 12.00% (2013: 9.60% to 12.00%) per annum. Annuity Loans are not secured.

The management of the municipality is of the opinion that the carrying value of Long-term Liabilities recorded at amortised cost in the Annual Financial Statements approximate their fair values.

The fair value of Long-term Liabilities was determined after considering the standard terms and conditions of agreements entered into between the municipality and the relevant financing institutions.

Refer to Appendix "A" for more detail on Long-term Liabilities.

20.2 Breach of Loan Agreement

The municipality did not default on any payment of its Long-term Liabilities. No terms for payment have been re-negotiated by the municipality.

21.1 Post-retirement Health Care Benefits Liability		
Balance at beginning of Year	29,721,154	25,908,685
Contributions to Provision	1,466,239	1,282,656
Increase due to Discounting	2,586,237	2,017,069
Expenditure incurred	(882,492)	(778,080)
Actuarial (Gains) /Losses	(540,898)	1,290,824
Balance at end of Year	32,350,240	29,721,154
Transfer to Current Provisions	(1,000,584)	(882,492)
Total Post-retirement Health Care Benefits Liability	31,349,656	28,838,662

Retirement Benefit Liabilities have been restated to adhere to the disclosure provisions of GRAP 25. Refer to Note 40 on "Change in Accounting Policy" for details of the restatement.

The municipality provides certain post-retirement health care benefits by funding the medical aid contributions of qualifying retired members of the municipality. According to the rules of the Medical Aid Funds, with which the municipality is associated, a member (who is on the current Conditions of Service) is entitled to remain a continued member of such medical aid fund on retirement, in which case the municipality is liable for a certain portion of the medical aid membership fee. The municipality operates an unfunded defined benefit plan for these qualifying employees. No other post-retirement benefits are provided to these employees.

The most recent actuarial valuations of plan assets and the present value of the defined benefit obligation were carried out at 30 June 2014 by Mr C Weiss, Fellow of the Actuarial Society of South Africa. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

The members of the Post-employment Health Care Benefit Plan are made up as follows:

In-service Members (Employees)	53	53
In-service Non-members (Employees)	274	249
Continuation Members (Retirees, widowers and orphans)	30	29
Total Members	357	331

The liability in respect of past service has been estimated as follows:

In-service Members	18,259,872	17,336,007
Continuation Members	14,090,368	12,385,147
Total Liability	32,350,240	29,721,154

The municipality makes monthly contributions for health care arrangements to the following Medical Aid Schemes:

- Bonitas
- Hosmed
- Keyhealth
- LA Health
- Samwumed

The Current-service Cost for the year ending 30 June 2014 is estimated to be R1 466 239, whereas the cost for the ensuing year is estimated to be R1 828 833 (2013: R1 466 239 and R1 282 656 respectively).

EMTHANJENI LOCAL MUNICIPALITY
NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

	2014 R	2013 R
23. ACCUMULATED SURPLUS		
The Accumulated Surplus consists of the following Internal Funds and Reserves:		
Capital Replacement Reserve (CRR)	2,252,793	2,252,793
Accumulated Surplus / (Deficit) due to the results of Operations	952,227,246	1,018,620,728
Total Accumulated Surplus	954,480,039	1,020,873,521

The **Capital Replacement Reserve** is a reserve to finance future capital expenditure and is fully invested in ring-fenced Financial Instrument Investments.

Refer to Statement of Changes in Net Assets for more detail and the movement on Accumulated Surplus.

24. PROPERTY RATES

Property Rates	24,479,801	18,124,021
Less: Income Foregone	(3,561,970)	(903,887)
	20,917,831	17,220,134

Property Rates are levied on the value of land and improvements, which valuation is performed every four years. The last valuation came into effect on 1 July 2013.

Interim valuations are processed on a continuous basis to take into account changes in individual property values due to alterations and subdivisions.

An general rate is applied as follows to property valuations to determine property rates:

Residential Properties: 0.0115 c/R (2013: 0.014657 c/R)
State Owned Properties: 0.0150 c/R (2013: 0.014657 c/R)
Business Properties: 0.0117 c/R (2013: 0.014726 c/R)
Agricultural Properties: 0.0029 c/R (2013: 0.003664 c/R)

Rates are levied monthly on property owners and are payable the 7th of each month. Property owners can request that the full amount for the year be raised in July in which case the amount has to be paid by 30 September. Interest is levied at a rate determined by council on outstanding rates amounts.

Conditions met - transferred to Revenue: Capital Expenses	(12,598,604)	(11,450,977)
Conditions met - transferred to Revenue: VAT portion released	(1,763,804)	(1,576,296)
Conditions still to be met - transferred to Unspent Conditional Grants (see Note 18)	1,511,512	6,053,160
<p>The Municipal Infrastructure Grant (MIG) was allocated for the construction of roads and sewerage infrastructure as part of the upgrading of previously disadvantaged areas (included in the Roads and Sewerage votes in Appendix "B"). During the year R1 500 000 was withheld and R3 500 000 of the allocated amount was stopped due to slow spending.</p>		
<p>At yearend, not all conditions were met in respect to the upgrading of infrastructure as all funds received were not spent. This due to the fact that the required infrastructure has not been completed and no certificates have been presented for payment. This resulted in the unspent portion being recognised at yearend.</p>		
25.4 National: MSIG Funds		
Balance unspent at beginning of year	-	-
Current year receipts	890,000	800,000
Conditions met - transferred to Revenue: Operating Expenses	(890,000)	(800,000)
Conditions met - transferred to Revenue: Capital Expenses	-	-
Conditions still to be met - transferred to Unspent Conditional Grants (see Note 18)	-	-
<p>The Municipal Systems Improvement Grant is allocated to municipalities to improve municipal systems and was used to improve information technology networks and Ward Committee operations. All conditions attached to the grant were met. No funds have been withheld.</p>		
25.5 Provincial: Housing Accreditation		
Balance unspent at beginning of year	-	-
Current year receipts	458,333	1,190,227
Conditions met - transferred to Revenue: Operating Expenses	(458,333)	(1,190,227)
Conditions met - transferred to Revenue: Capital Expenses	-	-
Conditions still to be met - transferred to Unspent Conditional Grants (see Note 18)	-	-
<p>This grant was allocated to improve capacity within the administration of the municipality in respect to the Housing Department. All conditions attached to the grant were met. No funds have been withheld.</p>

Change in Fair Value of Investment Property	-	1,904,000
Net Other Gains and Losses	7,108	1,907,040

40. CHANGE IN ACCOUNTING POLICY

The municipality adopted the following Accounting Standards for the first time during the financial year 30 June 2014 in order to comply with the basis of preparation of the Annual Financial Statements as disclosed in Accounting Policy 1:

GRAP 25: Employee Benefits

Defined benefit liabilities for Post-employment Health Care Benefits and Long Service Allowances have been recognised in the Annual Financial Statements of the municipality as at 30 June 2014 in terms of GRAP 25. GRAP 26 is applied prospectively and there is no need for restatement of prior year figures as the principles in GRAP 25 and IAS 19 are similar.

Employee Benefits	(31,771,974)	(28,838,662)
Non-current Provisions	(5,971,053)	(8,904,365)
Accumulated Surplus - Opening Balance	(1,069,504,058)	(1,069,504,053)
Accumulated Surplus - Prior Period Error	1,188,100	-
Accumulated Surplus - Surplus (Loss) for the Year	47,383,076	48,767,017
	<u>0</u>	<u>(0)</u>

Statement of Financial Performance:

Service Charges	(5,002)
Repairs and Maintenance	(96,439)
General Expenses	65,404
Depreciation and Amortisation	(143,481)
Loss on Disposal of Property, Plant and Equipment	(10,893)
Loss on Sale of Land	(1,193,530)
	<u>(1,383,941)</u>

The details of the reclassifications of correction of errors made are as follows:

41.1 Reclassification of Department of Housing debtor (creditor) at yearend

During the 2013/2014 financial year guidance was received that indicated the at the Municipality merely acts as an agent of COGHTA during housing projects. For this reason any outstanding balances at yearend should be recognised as a debtor (where amounts are receivable) or as a creditor (if unspent portions remain) and should not be presented and disclosed as 'Unspent Conditional Grants and Receipts'. The Municipality has subsequently reclassified these balances in the current financial year and retrospectively adjusted these disclosures.

The effect is as follows:

Statement of Financial Position

(Increase) / decrease in Creditors from Exchange Transactions	(421,638)	(421,638)
(Increase) / decrease in Unspent Conditional Grants	421,638	421,638
	<u>-</u>	<u>-</u>

EMTHANJENI LOCAL MUNICIPALITY
NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

	2014 R	2013 R
41. CORRECTION OF ERROR (continued)		
41.2 Reclassification of Long Service Award Provision at yearend		
The Long Service Award Provision was previously disclosed as a 'Non-current Provision'. Through a review it was found that this provision is an 'Employee Benefit' (as defined by GRAP 25) as has subsequently been classified as such.		
The effect is as follows:		
Statement of Financial Position		
(Increase) / decrease in Employee Benefits	(2,933,312)	(2,933,312)
(Increase) / decrease in Non-current provisions	2,933,312	2,933,312
	<u>-</u>	<u>-</u>
41.3 Accounting for retention funds at year end		
In order to ensure full compliance with the accounting standards and supporting contract agreements, management embarked on a process to identify all retention funds for the financial years presented in the Annual Financial Statements. These adjustments were retrospectively made.		
The effect is as follows:		
Statement of Financial Position		
(Increase) / decrease in Accumulated Surplus	(96,439)	-
Increase / (decrease) in Property, Plant and Equipment	1,090,219	1,090,219
(Increase) / decrease in Creditors from Exchange Transactions	(993,780)	(993,780)
Statement of Financial Performance		
Increase / (decrease) in Repairs and Maintenance		(96,439)
	<u>-</u>	<u>-</u>
41.4 Accruals for the 2013 financial year not previously recorded		
During the current financial year, management became aware of accruals that were not previously disclosed. The necessary correction was retrospectively made to the Annual Financial Statements.		
The effect is as follows:		
Statement of Financial Position		
(Increase) / decrease in Accumulated Surplus	64,821	-
Increase / (decrease) in VAT	599	599
(Increase) / decrease in Creditors from Exchange Transactions	(65,420)	(69,542)
Statement of Financial Performance		
Increase / (decrease) in General Expenses		68,943
	<u>-</u>	<u>-</u>

	2014 R	2013 R
41. CORRECTION OF ERROR (continued)		
41.5 Correction of VAT not previously claimed		
Management performed a VAT review during the year. It was found that certain input VAT claims were not made by the Municipality during the 2012, 2013 and 2014 financial years. The necessary correction was retrospectively made to the Annual Financial Statements.		
The effect is as follows:		
Statement of Financial Position		
(Increase) / decrease in Accumulated Surplus	(11,842)	(4,396)
Increase / (decrease) in VAT	11,842	11,842
Statement of Financial Performance		
(Increase) / decrease in Service Charges		(5,002)
Increase / (decrease) in General Expenses		(2,444)
	<u>-</u>	<u>-</u>
41.6 Accounting for cancelled cheques		
During the current financial year, a number of cheques were cancelled during the financial year. The necessary correction was retrospectively made to the Annual Financial Statements.		
The effect is as follows:		
Statement of Financial Position		
(Increase) / decrease in Accumulated Surplus	(1,095)	-
Increase / (decrease) in Cash and Cash Equivalents	1,095	1,095
Statement of Financial Performance		
Increase / (decrease) in General Expenses		(1,095)
	<u>-</u>	<u>-</u>
41.7 Inventory (property-held-for-sale) restated		
During the current financial year, management revisited all erven registered in the name of the municipality. This resulted in a number of corrections being made, reclassifications being done and valuation adjustments. These adjustments were made retrospectively.		
The effect is as follows:		
Statement of Financial Position		
(Increase) / decrease in Accumulated Surplus	(12,360,664)	(11,167,134)
Increase / (decrease) in Inventory	12,360,664	12,360,664

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

	2014 R	2013 R
41. CORRECTION OF ERROR (continued)		
41.8 Property, plant and equipment restated		
During the current financial year, management revisited all erven registered in the name of the municipality. This resulted in a number of corrections being made, reclassifications being done and valuation adjustments. These adjustments were made retrospectively.		
The effect is as follows:		
Statement of Financial Position		
(Increase) / decrease in Accumulated Surplus	12,205,252	12,359,629
Increase / (decrease) in Property, Plant and Equipment	(12,205,252)	(12,205,252)
Statement of Financial Performance		
Increase / (decrease) in Depreciation and Amortisation		(143,484)
Increase / (decrease) in Loss on Disposal of Property, Plant and Equipment		(10,893)
	<u>-</u>	<u>-</u>
41.9 Motor registration revenue incorrectly recognised		
During the 2013 financial year, receipts were recorded double in the financial records, once as motor registration income. On inspection of the bank reconciliation, it was found that these were transfers from the investment accounts (which were correctly receipted). Management subsequently reversed these receipts.		
The effect is as follows:		
Statement of Financial Position		
(Increase) / decrease in Accumulated Surplus	(59,362)	-
Increase / (decrease) in Cash and Cash Equivalents	59,362	59,362
Statement of Financial Performance		
(Increase) / decrease in Licences and Permits		(59,362)
	<u>-</u>	<u>-</u>
42. CHANGE IN ACCOUNTING ESTIMATES		
There was no change in the estimated useful life of various assets (liabilities) of the municipality for the financial year.		
43. CASH GENERATED BY OPERATIONS		
Surplus / (Deficit) for the Year	(66,393,482)	(47,442,435)
Adjustment for:		
Correction of Prior Year Errors	-	(1,188,100)
Depreciation and Amortisation	67,643,995	68,781,918

	2014 R	2013 R
44. NON-CASH INVESTING AND FINANCING TRANSACTIONS		
The municipality did not enter into any Non-cash investing and Financing Transactions during the 2014 financial year.		
45. FINANCING FACILITIES		
Unsecured Bank Overdraft Facility, reviewed annually and payable at call:		
- Amount used	-	-
- Amount unused	1,000,000	1,000,000
	<u>1,000,000</u>	<u>1,000,000</u>
Unsecured Credit Card Facility, reviewed annually and payable monthly:		
- Amount used	-	-
- Amount unused	50,000	50,000
	<u>50,000</u>	<u>50,000</u>
Unsecured Fleet Card Facility, reviewed annually and payable monthly:		
- Amount used	-	-
- Amount unused	800,000	800,000
	<u>800,000</u>	<u>800,000</u>
46. UTILISATION OF LONG-TERM LIABILITIES RECONCILIATION		
Long-term Liabilities (See Note 20)	5,988,903	8,492,623
Used to finance Property, Plant and Equipment - at cost	(5,988,903)	(8,492,623)
	<u>-</u>	<u>-</u>
Sub-total	-	-
Cash set aside for the Repayment of Long-term Liabilities	-	-
	<u>-</u>	<u>-</u>
Cash invested for Repayment of Long-term Liabilities	-	-
	<u>-</u>	<u>-</u>
Long-term Liabilities have been utilised in accordance with the Municipal Finance Management Act. Sufficient cash is available to ensure that Long-term Liabilities can be repaid on the scheduled redemption dates.		
47. UNAUTHORISED, IRREGULAR, FRUITLESS AND WASTEFUL EXPENDITURE DISALLOWED		
47.1 Unauthorised Expenditure		
To management's best of knowledge no Unauthorised Expenditure was incurred during the year under		
Reconciliation of Unauthorised Expenditure:		
Opening balance	-	55,530,424
Unauthorised Expenditure current year	103,524,244	54,229,999
Approved by Council or condoned	-	(109,760,423)
Unauthorised Expenditure awaiting authorisation	<u>103,524,244</u>	<u>-</u>

Incident	Disciplinary Steps / Criminal Proceedings
<i>Budgeted votes exceeded:-</i>	<i>To be condoned by Council</i>
Executive and Council: R2 877 571	
Finance and Administration: R1 923 665	
Planning and Development: R8 636 300	
Housing: R1 992 247	
Waste Management: R10 239 674	
Roads: R6 596 887	
Water: R23 805 726	
Electricity: R27 556 383	

The above Unauthorised Expenditure is mainly attributable to Depreciation and Amortisation (Note 32) and Impairment Losses (Note 33). These items are "non-cash items" and does not represent any cash flow, which resulted in the Municipality not budgeting for these expenses.

A recalculation done by management, adjusting the expenditure with the Depreciation and Amortisation and Impairment Losses (as disclosed) indicated that the only vote overspend was the 'Executive and Council' vote (R2 686 121).

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

	2014 R	2013 R
47. UNAUTHORISED, IRREGULAR, FRUITLESS AND WASTEFUL EXPENDITURE DISALLOWED (continued)		
47.2 Fruitless and Wasteful Expenditure		
Reconciliation of Fruitless and Wasteful expenditure:		
Opening balance	798,860	-
Fruitless and Wasteful Expenditure current year	61,831	798,860
Condoned or written off by Council	-	-
Fruitless and Wasteful Expenditure awaiting condonement	<u>860,691</u>	<u>798,860</u>

Incident	Disciplinary Steps / Criminal Proceedings
<i>The fruitless and wasteful expenditure identified was inspected and it can be categorised as follows:</i>	
Interest paid on outstanding creditors not paid within the required timeframe: R61 831	

47.3 Irregular Expenditure

Reconciliation of Irregular Expenditure:		
Opening balance	39,350,217	16,257,924
Irregular Expenditure current year	13,001,874	23,092,293
Condoned or written off by Council	-	-
Irregular Expenditure awaiting condonement	<u>52,352,091</u>	<u>39,350,217</u>

Incident	Disciplinary Steps / Criminal Proceedings
<i>The irregular expenditure identified was inspected and it can be categorised as follows:</i>	
The required number of quotations (3) were not obtained. These items were also not reported to council as a deviation during the financial year and is therefore irregular = R863 400.	
Tax clearance certificates are not in place for certain costs incurred above R15 000. This is an administrative weakness that has lead to irregular expenditure (as defined) and in no way has funds been misappropriated = R2 519 156.	
MBD 4 forms (declaration of interests) are not in place for certain costs incurred above R10 000. This is an administrative weakness that has lead to irregular expenditure (as defined) and in no way has funds been misappropriated = R6 974 596.	
MBD 1 forms are not in place for certain costs incurred above R10 000. This is an administrative weakness that has lead to irregular expenditure (as defined) and in no way has funds been misappropriated = R2 644 721.

48. ADDITIONAL DISCLOSURES IN TERMS OF MUNICIPAL FINANCE MANAGEMENT ACT (continued)

48.8 Deviation from, and ratification of minor breaches of, the Procurement Processes

In terms of section 36(2) of the Municipal Supply Chain Management Regulations any deviation from the Supply Chain Management Policy needs to be approved / condoned by the Municipal Manager and noted by Council.

The majority of the items mentioned resulted from the municipality not being able to obtain the required 3 quotations, due various reasons of which the following is the most common:

- Only 2 suppliers are registered on the municipal database that can do the work;
- Only service provider within a 300km radius;
- Advertising required in the local newspaper; and
- Only 1 or 2 quotations received.

The following deviations from the stipulations in terms of the municipality's Supply Chain Management Policy were ratified by the Municipal Manager and reported to Council:

Successful tenderer	Month	Reasons	1 quotation	2 quotations
Various suppliers	July 2013	In most instances, only one (1) local supplier could provide the municipality with the required goods. During July 2013, R20 000 was paid to Konica Minolta for the procurement of the machine, previously leased and R29 486 to Komatsu for the procurement of genuine parts.	71,727	-
Various suppliers	August 2013	R87 000 of the deviated total is represented by three payments made to sole providers (Active Phambili Civils and Rocla). The remaining deviations is the result of only one (1) of two (2) local suppliers being able to provide the required goods.	120,470	30,185
Various suppliers	September 2013	R81 000 was paid during the month to De Aar Stone Crushers, which is the only local supplier of stone in the area. The remaining deviations is the result of only one (1) of two (2) local suppliers being able to provide the required goods.	112,801	2,700
Various suppliers	October 2013	R60 000 of the deviated total is represented by payments made to sole providers (Rocla). In the majority of instances, no more than one (1) supplier could submit quotations to the municipality.	211,957	15,924
Various suppliers	November 2013	In most instances, only two (2) service providers were able to meet the needs of the municipality. AAS Operation were paid R26 806 for procurement of which they were the only suppliers locally.	59,876	38,157
Various suppliers	December 2013	R6 000 was paid to Redi Box WC, the sole manufacturer of Redi Box Files. The remaining deviations is the result of only one (1) of two (2) local suppliers being able to provide the required goods.	11,447	7,121
Various suppliers	January 2014	R69 941 was paid to Tosas, as they were the only supplier with a valid tax clearance certificate that could provide the required goods.	136,924	9,961
Various suppliers	February 2014	Autolec is the only provider that can repair wearing vehicles locally. Furthermore, Tri-Lectro is the only supplier able to locate faulty wires in the area, resulting in only one quotation being obtained, amounting to R29 784. The remaining deviations is the result of only one (1) of two (2) local suppliers being able to provide the required goods.	123,889	95,973
Various suppliers	March 2014	Only two (2) local suppliers can provide burglar proofing, resulting in a payment of R23 142 made to Dumas Engineerswerke. Rocla is the only local provider for concrete work, whilst Precision Hydraulics was the only supplier that could repair a hydraulic crane. The remaining deviations is the result of only one (1) of two (2) local suppliers being able to provide the required goods.	98,164	25,778

48. ADDITIONAL DISCLOSURES IN TERMS OF MUNICIPAL FINANCE MANAGEMENT ACT (continued)

Successful tenderer	Month	Reasons	1 quotation	2 quotations
Various suppliers	April 2014	Rocla is the only local provider for concrete work, whilst Tosas is one of the two (2) suppliers of tar within the radius. The remaining deviations is the result of only one (1) of two (2) local suppliers being able to provide the required goods.	81,334	50,426
Various suppliers	May 2014	Due to quality being sought, the Swap Shop was paid R27 184 for the procurement of chairs. Tosas is one of the two (2) suppliers of tar within the radius. The remaining deviations is the result of only one (1) of two (2) local suppliers being able to provide the required goods.	104,908	7,095
Various suppliers	June 2014	Tri-Lectro is the only supplier able to locate faulty wires in the area, resulting in only one quotation being obtained, amounting to R126 840. For the printing of the Annual Report, only Swift Print submitted a quotation (R123 659). The remaining deviations is the result of only one (1) of two (2) local suppliers being able to provide the required goods.	352,413	26,806

48.9 Bulk Electricity and Water Losses in terms of Section 125 (2)(d)(i) of the MFMA

Material Electricity and Water Losses were as follows and are not recoverable:

Electricity:

		Lost Units	Tariff	Value
30 June 2014	Unaccounted Electricity Losses	<u>7,503,467</u>	<u>0.7400</u>	<u>5,552,566</u>
30 June 2013	Unaccounted Electricity Losses	<u>8,234,071</u>	<u>0.6800</u>	<u>5,599,168</u>

Electricity Losses occur due to *inter alia*, technical and non-technical losses (Technical losses - inherent resistance of conductors, transformers and other electrical equipment; Non-technical losses - the tampering of meters, the incorrect ratios used on bulk meters, faulty meters and illegal electricity connections). The problem with tampered meters and illegal connections is an ongoing process, with regular action being taken against defaulters. Faulty meters are replaced as soon as they are reported.

Volumes in kWh/year:

System Input Volume	57,021,523	55,479,545
Billed Consumption	<u>(44,956,334)</u>	<u>(42,807,111)</u>
Unaccounted	12,065,189	12,672,434
Normal distribution losses - % of electricity purchases	<u>(4,561,722)</u>	<u>(4,438,364)</u>
Distribution Loss	<u>7,503,467</u>	<u>8,234,071</u>

Percentage Distribution Loss	13.16%	14.84%
Loss (R):	5,552,566	5,599,168

Water:

		Lost Units	Tariff	Value
30 June 2014	Unaccounted Water Losses	<u>651,544</u>	<u>0.7632</u>	<u>497,258</u>
30 June 2013	Unaccounted Water Losses	<u>565,117</u>	<u>0.6838</u>	<u>386,444</u>

Water Losses occur due to *inter alia*, leakages, the tampering of meters, the incorrect ratios used on bulk meters, faulty meters and illegal water connections. The problem with tampered meters and illegal connections is an ongoing process, with regular action being taken against defaulters. Faulty meters and leakages are replaced/repared as soon as they are reported.

50.2 Fair Value

The following methods and assumptions were used to estimate the Fair Value of each class of Financial Instrument for which it is practical to estimate such value:

Non-current Investments

The Fair Value of some investments are estimated based on quoted market prices of those or similar investments. Unlisted Equity Investments are estimated using the discounted cash flow method.

Loan Receivables/Payables

Interest-bearing Borrowings and Receivables are generally at interest rates in line with those currently available in the market on a floating-rate basis, and therefore the Fair Value of these Financial Assets and Liabilities closely approximates their carrying values. Fixed interest-rate instruments are fair valued based on the present value of future principal and interest cash flows, discounted at the market rate of interest at the reporting date.

Trade and Other Receivables/Payables

The Fair Value of Trade and Other Payables is estimated at the present value of future cash flows.

The management of the municipality is of the opinion that the carrying value of Trade and Other Receivables recorded at amortised cost in the Annual Financial Statements approximate their fair values. The Fair Value of Trade Receivables were determined after considering the standard terms and conditions of agreements entered into between the municipality and other parties as well as the current payment ratios of the municipality's debtors.

Other Financial Assets and Liabilities

The Fair Value of Other Financial Assets and Financial Liabilities (excluding Derivative Instruments) is determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable current market transactions and dealer quotes for similar instruments.

Long-term Liabilities

The Fair Value of Long-term Liabilities was determined after considering the standard terms and conditions of agreements entered into between the municipality and the relevant financing institutions.

Management considers the carrying amounts of Financial Assets and Financial Liabilities recorded at amortised cost in the Annual Financial Statements to approximate their Fair Values on 30 June 2014, as a result of the short-term maturity of these assets and liabilities.

Unrecognised Gain / (Loss)				

No Financial Instruments of the municipality have been reclassified during the year.

Assumptions used in determining Fair Value of Financial Assets and Financial Liabilities

The table below analyses Financial Instruments carried at Fair Value at the end of the reporting period by the level of fair-value hierarchy as required by GRAP 104. The different levels are based on the extent to which quoted prices are used in the calculation of the Fair Value of the Financial Instruments. The levels have been defined as follows:

Level 1:-

Fair Values are based on quoted market prices (unadjusted) in active markets for an identical instrument.

Level 2:-

Fair Values are calculated using valuation techniques based on observable inputs, either directly (i.e. as prices) or indirectly (i.e. derived from prices). This category includes instruments valued using quoted market prices in active markets for similar instruments, quoted prices for identical or similar instruments in markets that are considered less than active, or other valuation techniques where all significant inputs are directly or indirectly observable from market data.

Level 3:-

Fair Values are based on valuation techniques using significant unobservable inputs. This category includes all instruments where the valuation technique includes inputs not based on observable data and the unobservable inputs have a significant effect on the instrument's valuation. Also, this category includes instruments that are valued based on quoted prices for similar instruments where significant unobservable adjustments or assumptions are required to reflect differences between the instruments.

Class is one level lower than category.

50.3 Capital Risk Management

The municipality manages its capital to ensure that the municipality will be able to continue as a going concern while delivering sustainable services to consumers through the optimisation of the debt and equity balance. The municipality's overall strategy remains unchanged from 2010.

The capital structure of the municipality consists of debt, which includes the Long-term Liabilities disclosed in Note 20, Cash and Cash Equivalents and Equity, comprising Funds, Reserves and Accumulated Surplus as disclosed in Note 23 and the Statement of Changes in Net Assets.

Gearing Ratio

In terms of the municipality's five year financial plan, financial benchmarks, year-on-year in respect of the debt-to-equity ratio, is reflected at 95.00%, reducing 90.00%. This aggressive ratio is as a result of the development challenges faced by the municipality. The rate of borrowing is well below market related rates.

The gearing ratio at the year-end was as follows:

Debt	37,311,714	32,367,589
Cash and Cash Equivalents	(1,400)	(1,400)
Net Debt	37,310,314	32,366,189
Equity	954,480,039	1,020,873,521
Net debt to equity ratio	3.91%	3.17%

EMTHANJENI LOCAL MUNICIPALITY

2014
R

2013
R

50. FINANCIAL INSTRUMENTS (continued)

Debt is defined as Long- and Short-term Liabilities, as detailed in Notes 7, 16, 17 and 20.

Equity includes all Funds and Reserves of the municipality, disclosed as Net Assets in the Statement of Financial Performance and Net Debt as described above.

50.4 Financial Risk Management Objectives

The Accounting Officer has overall responsibility for the establishment and oversight of the municipality's risk management framework. The municipality's risk management policies are established to identify and analyse the risks faced by the municipality, to set appropriate risk limits and controls and to monitor risks and adherence to limits.

Due to the largely non-trading nature of activities and the way in which they are financed, municipalities are not exposed to the degree of financial risk faced by business entities. Financial instruments play a much more limited role in creating or changing risks that would be typical of listed companies to which the IAS's mainly apply. Generally, Financial Assets and Liabilities are generated by day-to-day operational activities and are not held to manage the risks facing the municipality in undertaking its activities.

The Directorate: Financial Services monitors and manages the financial risks relating to the operations through internal policies and procedures. These risks include interest rate risk, credit risk and liquidity risk. Risk management policies and systems are reviewed regularly to reflect changes to market conditions and the municipality's activities, and compliance with policies and procedures is reviewed by the internal auditors on a continuous basis, and annually by external auditors. The municipality does not enter into or trade financial instruments for speculative purposes.

Internal audit, responsible for initiating a control framework and monitoring and responding to potential risk, reports periodically to the municipality's audit committee, an independent body that monitors the effectiveness of the internal audit function.

Further quantitative disclosures are included throughout these Annual Financial Statements.

50.5 Significant Risks

It is the policy of the municipality to disclose information that enables the user of its Annual Financial Statements to evaluate the nature and extent of risks arising from Financial Instruments to which the municipality is exposed on the reporting date.

The municipality has exposure to the following risks from its operations in Financial Instruments:

- Credit Risk;
- Liquidity Risk; and
- Market Risk.

Risks and exposures are disclosed as follows:

Market Risk

Market Risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the municipality's income or the value of its holdings in Financial Instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Credit Risk

Credit Risk is the risk of financial loss to the municipality if a customer or counterparty to a Financial Instrument fails to meet its contractual obligations and arises principally from the municipality's receivables from customers and investment securities.

Liquidity Risk

Liquidity Risk is the risk that the municipality will encounter difficulty in meeting the obligations associated with its Financial Liabilities that are settled by delivering cash or another financial asset. The municipality's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the municipality's reputation.

Liquidity Risk is managed by ensuring that all assets are reinvested at maturity at competitive interest rates in relation to cash flow requirements. Liabilities are managed by ensuring that all contractual payments are met on a timeous basis and, if required, additional new arrangements are established at competitive rates to ensure that cash flow requirements are met.

A maturity analysis for Financial Liabilities (where applicable) that shows the remaining undiscounted contractual maturities is disclosed in Notes 50.8 and 50.9 to the Annual Financial Statements.

EMTHANJENI LOCAL MUNICIPALITY
NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

2014
R

2013
R

50. FINANCIAL INSTRUMENTS (continued)

50.6 Market Risk

The municipality's activities expose it primarily to the financial risks of changes in interest rates (see Note 50.7 below). No formal policy exists to hedge volatilities in the interest rate market.

There has been no change to the municipality's exposure to market risks or the manner in which it manages and measures the risk.

50.6.1 Foreign Currency Risk Management

The municipality's activities do not expose it to the financial risks of foreign currency and therefore has no formal policy to hedge volatilities in the interest rate market.

50.6.2 Interest Rate Risk Management

Interest Rate Risk is defined as the risk that the fair value or future cash flows associated with a financial instrument will fluctuate in amount as a result of market interest changes.

Potential concentrations of interest rate risk consist mainly of variable rate deposit investments, long-term receivables, consumer debtors, other debtors, bank and cash balances.

The municipality limits its counterparty exposures from its money market investment operations by only dealing with well-established financial institutions of high credit standing. No investment with a tenure exceeding twelve months shall be made without consultation with the councillor responsible for financial matters.

The municipality limits its counterparty exposures from its money market investment operations by only dealing with Absa Bank, First National Bank, Nedbank and Standard Bank. No investments with a tenure exceeding twelve months are made.

Consumer Debtors comprise of a large number of ratepayers, dispersed across different industries and geographical areas. Consumer debtors are presented net of a provision for impairment.

In the case of debtors whose accounts become in arrears, it is endeavoured to collect such accounts by "levying of penalty charges", "demand for payment", "restriction of services" and, as a last resort, "handed over for collection", whichever procedure is applicable in terms of Council's Credit Control and Debt Collection Policy. Consumer Deposits are increased accordingly.

Long-term Receivables and Other Debtors are individually evaluated annually at Balance Sheet date for impairment or discounting. A report on the various categories of debtors is drafted to substantiate such evaluation and subsequent impairment / discounting, where applicable.

The municipality is exposed to interest rate risk as the municipality borrows funds at both fixed and floating interest rates. The risk is managed by the municipality by maintaining an appropriate mix between fixed and floating rate borrowings, such borrowing being below market related rates.

The municipality's exposures to interest rates on Financial Assets and Financial Liabilities are detailed in the Credit Risk Management section of this note.

Interest Rate Sensitivity Analysis

The municipality had no floating rate long-term financial instruments at year-end requiring an Interest Rate Sensitivity Analysis.

50.7 Credit Risk Management

Credit Risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the municipality. The municipality has a sound credit control and debt collection policy and obtains sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The municipality uses its own trading records to assess its major customers. The municipality's exposure of its counterparties are monitored regularly.

Potential concentrations of credit rate risk consist mainly of variable rate deposit investments, long-term receivables, consumer debtors, other debtors, bank and cash balances.

Investments/Bank, Cash and Cash Equivalents

The municipality limits its counterparty exposures from its money market investment operations (financial assets that are neither past due nor impaired) by only dealing with Absa Bank, First National Bank, Nedbank and Standard Bank. No investments with a tenure exceeding twelve months are made.

EMTHANJENI LOCAL MUNICIPALITY
NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

2014 2013
R R

50. FINANCIAL INSTRUMENTS (continued)

Trade and Other Receivables

Trade and Other Receivables are amounts owed by consumers and are presented net of impairment losses. The municipality has a credit risk policy in place and the exposure to credit risk is monitored on an ongoing basis. The municipality is compelled in terms of its constitutional mandate to provide all its residents with basic minimum services without recourse to an assessment of creditworthiness. Subsequently, the municipality has no control over the approval of new customers who acquire properties in the designated municipal area and consequently incur debt for rates, water and electricity services rendered to them.

In the case of debtors whose accounts become in arrears, it is endeavoured to collect such accounts by "levying of penalty charges", "demand for payment", "restriction of services" and, as a last resort, "handed over for collection", whichever procedure is applicable in terms of Council's Credit Control and Debt Collection Policy.

The municipality limits this risk exposure in the following ways, in addition to its normal credit control and debt management procedures:

- The application of section 118(3) of the Municipal Systems Act (MSA), which permits the municipality to refuse connection of services whilst any amount remains outstanding from a previous debtor on the same property;
- A new owner is advised, prior to the issue of a revenue clearance certificate, that any debt remaining from the previous owner will be transferred to the new owner, if the previous owner does not settle the outstanding amount;
- The consolidation of rates and service accounts, enabling the disconnecting services for the non-payment of any of the individual debts, in terms of section 102 of the MSA;
- The requirement of a deposit for new service connections, serving as guarantee and are reviewed annually;
- Encouraging residents to install water management devices that control water flow to households, and/or prepaid electricity meters.

There were no material changes in the exposure to credit risk and its objectives, policies and processes for managing and measuring the risk during the year under review. The municipality's maximum exposure to credit risk is represented by the carrying value of each financial asset in the Statement of Financial Position, without taking into account the value of any collateral obtained. The municipality has no significant concentration of credit risk, with exposure spread over a large number of consumers, and is not concentrated in any particular sector or geographical area.

The municipality establishes an allowance for impairment that represents its estimate of anticipated losses in respect of trade and other receivables.

Payment of accounts of consumer debtors, who are unable to pay, are renegotiated as an ongoing customer relationship in response to an adverse change in the circumstances of the customer in terms of the Credit Control and Debt Collection Policy.

Long-term Receivables and Other Debtors are individually evaluated annually at reporting date for impairment or discounting. A report on the various categories of debtors is drafted to substantiate such evaluation and subsequent impairment / discounting, where applicable.

The municipality does not have any significant credit risk exposure to any single counterparty or any group of counterparties having similar characteristics. The municipality defines counterparties as having similar characteristics if they are related entities. The credit risk on liquid funds is limited because the counterparties are banks with high credit-ratings.

The maximum credit and interest risk exposure in respect of the relevant financial instruments is as

Fixed Deposit Investments	21,088	13,980
Long-term Receivables	1,164	1,164
Consumer Debtors	75,809,441	80,607,597
Other Debtors	36,765,411	13,281,324
Bank, Cash and Cash Equivalents	285,450	10,639,847

Maximum Credit and Interest Risk Exposure

112,882,554 104,543,912

The major concentrations of credit risk that arise from the municipality's receivables in relation to customer classification are as follows:

	%	%
Consumer Debtors:		
- Household	70.68%	88.39%
- Industrial / Commercial	3.71%	5.25%
- National and Provincial Government	4.86%	5.44%
- Other Classes	0.00%	0.00%
Other Debtors:		
- Other not Classified	20.75%	0.92%
Total Credit Risk	<u>100.00%</u>	<u>100.00%</u>

51. MULTI-EMPLOYER RETIREMENT BENEFIT INFORMATION (continued)

SAMWU Pension Fund:

The scheme is subject to an annual actuarial valuation. The last statutory valuation was performed as at 30 June 2008.

The statutory valuation performed as at 30 June 2008 revealed that the assets of the fund amounted to R2 445,9 (30 June 2005: R1 511,5) million, with funding levels of 100,0% (30 June 2009: 100,0%). The contribution rate paid by the members (7,50%) and Council (18,00%) is sufficient to fund the benefits accruing from the fund in the future.

52. RELATED PARTY TRANSACTIONS

All Related Party Transactions are conducted at arm's length, unless stated otherwise.

52.1 Interest of Related Parties

Councillors and/or management of the municipality have relationships with businesses as indicated below:

Name of Related Person	Designation	Description of Related Party Relationship
Manuel MF	Director	Institute of Municipal Finance Officers (section 21 company)

52.2 Services rendered to Related Parties

The municipality did not render any services during the year to anyone that can be considered as a related party.

During the year the municipality rendered services to the following related parties that are related to the municipality as indicated:

	Rates Charges R	Service Charges R	Sundry Charges R	Total Charges R
30 June 2014				
Councillors	36,318	66,525	8,759	111,602
Municipal Manager and Section 57 Personnel	24,323	42,608	8,848	75,778
Total Services	60,640	109,133	17,607	187,380
30 June 2013				
Councillors	26,138	58,714	376	85,228

EMTHANJENI LOCAL MUNICIPALITY
NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

	2014 R	2013 R
53. CONTINGENT LIABILITIES		
(i) Telkom		60,000
The Municipality has been summonsed for an amount of R35 568. This matter was resolved during the year, resulting in the Municipality's insurer settling the settled amount. No legal costs were incurred.		
(ii) Landfill Sites:		
The Municipality has three active landfill sites. It has been identified that the landfill sites situated in Britstown and Hanover are not licensed as required by the National Environmental Management: Waste Act, 2008 (Act No. 59 of 2008).		
In accordance with section 68(1) of the National Environmental Management: Waste Act, 2008 (Act No. 59 of 2008), a person convicted of an offence referred to in section 67(1)(a), (g) or (h) is liable to a fine not exceeding R10 000 000 or to imprisonment for a period not exceeding 10 years, or to both such fine and such imprisonment, in addition to any other penalty or award that may be imposed or made.		
The necessary steps have been taken by the Municipality to obtain the required permits and licenses and the process has been started.		
(iii) Department of Safety and Liaison: Motor Registration Fees	1,355,739	1,355,739
The Municipality received correspondence from the Department of Safety and Liaison (DSL) informing us that the Municipality owes the DSL outstanding amounts for Motor Registration Fees. The amount that DSL claims that the Municipality owes, amounted to R1 355 739.		
The Municipality is disputing this claim as it has made regular and continuous payments to the DSL. Motor registration fees were deposited directly into the bank account of DSL.		
The Chief Financial Officers and delegations of both the EM and DSL met and agree that a proper investigation should be conducted into these claims of outstanding fees.		
To date the investigation has not taken place and will be conducted before the end of the 2014/2015 financial year of DSL. A complete report will be prepared after the investigation has been completed.		
The amount of R1 355 739 that the DSL claims that the Municipality owes them has therefore not yet been substantiated and the exact amount will only be determined once the investigation has been completed.		
54. CONTINGENT ASSETS		
The municipality was not engaged in any transaction or event during the year under review involving Contingent Assets.		
55. IN-KIND DONATIONS AND ASSISTANCE		
The municipality received the following in-kind donations and assistance.		
56. PRIVATE PUBLIC PARTNERSHIPS		
The municipality was not a party to any Private Public Partnerships during the year under review.		
57. EVENTS AFTER THE REPORTING DATE		
No events having financial implications requiring disclosure occurred subsequent to 30 June 2014.		
58. COMPARATIVE FIGURES		
The comparative figures were restated as a result of the effect of Changes in Accounting Policies (Note 40) and Prior Period Errors (Note 41).

59. GOING CONCERN ASSESSMENT

Management considered the following matters relating to the Going Concern:

- (i) On 29 May 2013 the Council adopted the 2013/14 to 2014/16 Budget. This three-year Medium Term Revenue and Expenditure Framework (MTREF) to support the ongoing delivery of municipal services to residents reflected that the Budget was cash-backed over the three-year period.
- (ii) The municipality's Budget is subjected to a very rigorous independent assessment process to assess its cash-backing status before it is ultimately approved by Council.
- (iii) Strict daily cash management processes are embedded in the municipality's operations to manage and monitor all actual cash inflows and cash outflows in terms of the cash-flow forecast supporting the Budget. The cash management processes is complemented by weekly and monthly reporting, highlighting the actual cash position, including the associated risks and remedial actions to be instituted.
- (iv) As the municipality has the power to levy fees, tariffs and charges, this will result in an ongoing inflow of revenue to support the ongoing delivery of municipal services. Certain key financial ratios, such as liquidity, cost coverage, debtors' collection rates and creditors' payment terms are closely monitored and the necessary corrective actions instituted.

Taking the aforementioned into account, management has prepared the Annual Financial Statements on the Going Concern Basis.

60. NON-COMPLIANCE WITH TO THE MUNICIPAL FINANCE MANAGEMENT ACT

Non Compliance to the following sections of chapters of the MFMA :

Chapter	Section	Sub-section	Detail of non-compliance
8	65	(2)e	Payments not made within 30 days.

APPENDIX A
EMTHANJENI LOCAL MUNICIPALITY

ANNUITY LOANS:

DBSA loan (1150 563):

Structured unsecured 20 year loan for the funding of the De Aar/Nonzwakazi Bulk & Internal Electrical Supply. Original loan capital of R1 809 000 is repayable semi-annually in fixed instalments of capital and fixed rate interest of R111 047.

DBSA loan (1150 566):

Structured unsecured 20 year loan for the funding of the De Aar/Nonzwakazi Bulk & Internal Electrical Supply. Original loan capital of R4 981 693 is repayable semi-annually in fixed instalments of capital and fixed rate interest of R375 077.

ABSA loan (30 3336 7955):

Structured secured 5 year loan for the purchase of vehicles. Original loan capital of R9 000 000 is repayable monthly in fixed instalments of capital and fixed rate interest of R194 352.

Note: The rates of interest payable on the above structured loans and finance leases are based on certain underlying assumptions relating to the lenders' statutory costs and the allowability of deductions by the lenders for income tax purposes in connection with these loans. In the event of changes to, or interpretation of, the Income Tax Act or any other relevant legislation which impact on the loan structure costs, the lenders have the right to increase or decrease the future rates of interest payable on the loans over their remaining lives, in order to absorb the increase or decrease in costs.

APPENDIX E(1)
EMTHANJENI LOCAL MUNICIPALITY
ACTUAL VERSUS BUDGET (REVENUE AND EXPENDITURE) FOR THE YEAR ENDED 30 JUNE 2014

Description	2013/2014 Actual	2013/2014 Budget	2013/2014 Variance	2013/2014 Variance	Explanation of Significant Variances greater than 10% versus Budget
REVENUE	R	R	R	%	
Property Rates	20,917,831	21,373,199	(455,368)	-2%	The Property Rates - Penalties is budgeted for with Interest Received. The current classification in the Annual Financial Statements is a GRAP requirement and has therefore been split as such. For the 2013/2014 financial year, all fines (irrespective whether they are recoverable) were recognised. The relating debtor was tested for impairment in order to reflect the recoverable amount at yearend.
Property Rates - Penalties imposed and collection charge	149,924	101,000	48,924	48%	
Fines	24,425,055	4,778,600	19,646,455	411%	
Licences and Permits	1,304,582	1,229,943	74,639	6%	The municipality generated more revenue than budgeted for. Improved cash management and diversification of available cash. This is supported in the increase in the Cash and Cash Equivalents balance.
Government Grants and Subsidies	58,556,675	53,377,000	5,179,675	10%	
Service Charges	91,654,816	96,814,993	(5,160,177)	-5%	
Rental of Facilities and Equipment	721,563	528,267	192,296	36%	In the 2011/2012 financial year, preliminary figures showed a decrease in the provision for doubtful debt (reversal). This was taken into account during the preparation of the 2013/2014 budget as the 2012/2013 provision (and relating entries) were not calculated (and processed). This did however not realise and resulted in the material fluctuation. Furthermore, the revenue generated from Due to the fair value adjustment made to Non-current Investments which were not anticipated and budgeted for.
Interest Earned - External Investments	1,030,475	792,983	237,492	30%	
Interest Earned - Outstanding debtors	625,352	639,120	(13,768)	-2%	
Other Income	2,971,628	2,453,317	518,311	21%	The proceeds generated by the auctions, together with the proceeds obtained during a trade-in of a municipal vehicle, resulted in the budgeted figures being surpassed.
Other Gains on Continued Operations	7,108	-	7,108	100%	
Gains on Disposal of Property, Plant and Equipment	164,093	80,000	84,093	105%	
Total Revenue	202,529,102	182,169,422	20,359,680	11%	
EXPENDITURE					
Employee Related Costs	59,893,633	61,716,478	(1,822,845)	-3%	No collection costs were paid during the year. Due to the gross depreciation effect. The budget reflects the net gross depreciation. The backlog depreciation is specifically excluded from the budgeted figure.
Remuneration of Councillors	4,157,184	3,716,624	440,560	12%	
Collection Costs	-	1,696,003	(1,696,003)	-100%	
Depreciation	67,643,995	6,469,169	59,174,826	899%	The provision for doubtful debt significantly increased during the year, due to the weaker payment (receipt) ratios calculated on each individual debtor. Less expenditure were incurred, due to cash control procedures implemented. Due to significant decrease in the long-term liabilities.
Impairment Losses	53,425,436	8,627,155	44,798,281	519%	
Repairs and Maintenance	12,197,863	19,688,920	(7,491,057)	-38%	
Interest Paid	855,123	1,029,649	(174,526)	-17%	The budgeted figure includes all capital expenditure, which has been reclassified to the correct financial statement line items. Less expenditure were incurred, due to cash control procedures implemented.
Bulk Purchases	43,535,580	42,004,725	1,530,855	4%	
Contracted Services	6,985,177	7,134,019	(148,842)	-2%	
Grants and Subsidies Paid	207,800	14,908,311	(14,700,511)	-99%	The Municipality conducted a full land audit (please see the explanation included in the Inventory line item). During the year, a number of properties were transferred to buyers. The amount written-off is immaterial and therefore management did not budget for it.
General Expenses	19,750,677	23,534,696	(3,784,019)	-16%	
Loss on disposal of Property, Plant and Equipment	-	-	-	0%	
Loss on Sale of Land	203,456	-	203,456	100%	
Inventory Written-off	66,661	-	66,661	100%	
Total Expenditure	268,922,584	192,525,748	76,396,835	40%	
NET SURPLUS / (DEFICIT) FOR THE YEAR	(66,393,482)	(10,356,327)	(56,037,155)	84%	

APPENDIX E(1)
EMTHANJENI LOCAL MUNICIPALITY

ACTUAL VERSUS BUDGET (REVENUE AND EXPENDITURE) FOR THE YEAR ENDED 30 JUNE 2013

Description	2012/2013 Actual	2012/2013 Budget	2012/2013 Variance	2012/2013 Variance	Explanation of Significant Variances greater than 10% versus Budget
	R	R	R	%	
REVENUE					
Property Rates	17,220,134	17,888,000	(667,866)	-4%	
Property Rates - Penalties imposed and collection charge	102,997	-	102,997	100%	The Property Rates - Penalties is budgeted for with Interest Received. The current classification in the Annual Financial Statements is a GRAP requirement and has therefore been split as such.
Fines	4,986,790	7,025,473	(2,038,683)	-29%	The DPP withdrew the approval certificate for TVS to operate the speed cameras, resulting in the significant decrease in comparison to management's expectations.
Licences and Permits	1,201,492	1,160,318	41,176	4%	
Government Grants and Subsidies	54,961,467	55,447,000	(485,533)	-1%	
Service Charges	79,889,148	75,156,550	4,732,598	6%	
Rental of Facilities and Equipment	946,889	499,305	447,584	90%	The municipality is leasing a property to Mainstream for operational purposes. Although the lease has not been concluded, the company has occupied the property and has paid for the rental thereof.
Interest Earned - External investments	1,594,930	945,000	649,930	69%	Improved cash management and diversification of available cash. This is supported in the increase in the Cash and Cash Equivalents balance.
Interest Earned - Outstanding debtors	493,738	741,126	(247,388)	-33%	Less interest on outstanding debtors were generated than expected.
Other Income	4,241,129	15,858,942	(11,617,813)	-73%	In the previous financial year, preliminary figures showed a decrease in the provision for doubtful debt (reversal). This was taken into account (supported by the budgeted amount in the Receivables). This did however not realise and resulted in the material fluctuation. Furthermore, the revenue generated from prepaid electricity has been correctly classified.
Other Gains on Continued Operations	1,907,040	-	1,907,040	100%	Due to the fair value adjustment made to Investment Property and Non-current investments which were not anticipated and budgeted for.
Profit on Sale of Land	319,091	100,000	219,091	219%	
Total Revenue	167,864,845	174,621,712	(6,756,867)	-4%	
EXPENDITURE					
Employee Related Costs	56,448,872	53,433,861	3,015,011	6%	
Remuneration of Councillors	3,693,580	3,503,047	190,533	5%	
Collection Costs	66,492	-	66,492	100%	A contract was concluded with an supplier to recover outstanding debt. The amount was however budgeted for under Contracted Services.
Depreciation	68,781,918	7,924,058	60,857,860	768%	Due to the gross depreciation effect. The budget reflects the net gross depreciation. The backlog depreciation is specifically excluded from the budgeted figure.
Impairment Losses	6,872,760	6,993,080	(120,320)	-2%	
Repairs and Maintenance	11,974,488	11,017,095	957,394	9%	
Interest Paid	1,041,433	1,121,417	(79,984)	-7%	
Bulk Purchases	38,781,485	41,440,000	(2,658,515)	-6%	
Contracted Services	7,257,409	6,492,652	764,757	12%	
Grants and Subsidies Paid	304,870	10,712,190	(10,407,320)	-97%	The budgeted figure includes all capital expenditure, which has been reclassified to the correct financial statement line items.
General Expenses	19,968,729	22,705,925	(2,737,196)	-12%	
Loss on disposal of Property, Plant and Equipment	75,338	-	75,338	100%	A number of assets could not be verified during the asset verification and was therefore written-off.
Loss on Sale of Land	-	-	-	0%	
Inventory Written-off	39,905	-	39,905	100%	The amount written-off is immaterial and therefore management did not budget for it. This decrease in the loss from previous financial years is the result of better controls implemented at the stores.
Total Expenditure	215,307,280	165,343,325	49,963,955	30%	
NET SURPLUS / (DEFICIT) FOR THE YEAR	(47,442,435)	9,278,387	(56,720,822)	120%	

APPENDIX E(2) **EMTHANJENI LOCAL MUNICIPALITY**

ACTUAL VERSUS BUDGET (ACQUISITION OF CAPITAL ASSETS) FOR THE YEAR ENDED 30 JUNE 2014

BUDGET (ACQUISITION OF CAPITAL ASSETS) FOR THE YEAR ENDED 30 JUNE 2014										
Description	2013/2014		2013/2014		2013/2014		2013/2014		Explanation of Significant Variances	
	Actual	Construction Under	Total		Additions	Budget	Variance	Variance	greater than 10% versus Budget	
	R	R	R	R	R	R	R	%		
Executive and Council	585,487	-	-	585,487	498,000	87,487	18%			
Finance and Administration	199,452	-	-	199,452	1,959,000	(1,759,548)	-90%

Note 1: Municipal Finance Management Grant withheld
During the 2013/2014 financial year, National Treasury withheld R1 500 000 from the Municipality, by way of the Equitable Share allocation. This was done to recover unspent Municipal Infrastructure Grant funds.

APPENDIX H **EMTHANJENI LOCAL MUNICIPALITY** **RATIO ANALYSIS**

30 June 2014

RATIO		NORM/RANGE	INPUT DESCRIPTION	DATA INPUTS AND RESULTS	MUNICIPAL COMMENTS
* R 000 *					
1. FINANCIAL POSITION					
A. Asset Management/Utilisation					
1	Capital Expenditure to Total Expenditure	10% - 20%	Total Operating Expenditure	268,922,584	The municipality has a R2.4 million unspent MIG grant, which should have realised if the projects were completed and/or work performed. This would have resulted in the required norm being met.
			Taxation Expense	-	
			Total Capital Expenditure	21,550,288	
2	Impairment of Property, Plant and Equipment, Investment Property and Intangible assets (Carrying Value)	0%	PPE, Investment Property and Intangible Impairment	-	Within the required norm.
			PPE at carrying value	913,923,422	
			IP at carrying value	5,004,000	
			Intangible Assets at carrying value	383,792	
3	Repairs and Maintenance as a % of Property, Plant and Equipment and Investment Property (Carrying Value)	8%	Total Repairs and Maintenance Expenditure	12,187,863	The municipality has invested a substantial amount of funds in new infrastructure over the past few years. This has resulted in less repairs and maintenance being required over these assets (especially infrastructure assets) to ensure service delivery.
			PPE at carrying value	913,923,422	
			Investment Property at Carrying value	5,004,000	
B. Debtors Management					
1	Collection Rate	95%	Gross Debtors closing balance	75,809,441	The collection rate is lower than management's goal. In order to increase this ratio, management has appointed service providers to develop, implement and manage a system of Revenue Enhancement. The project is set to start in the 2014/2015 financial year.
			Gross Debtors opening balance	80,607,597	
			Bad debts written Off	19,477,908	
			Billed Revenue	91,654,816	
2	Bad Debts Written-off as % of Provision for Bad Debt	100%	Consumer Debtors Bad debts written off	19,477,908	Within the required norm.
			Consumer Debtors Current bad debt Provision	(45,320,780)	
3	Net Debtors Days	30 days	Gross debtors	75,809,441	The net debtor days supports the need for a Revenue Enhancement Strategy and Implementation Plan, as well as the need to enhance the efforts of revenue collection through alternative means.
			Bad debts Provision	45,320,781	
			Billed Revenue	91,654,816	
C. Liquidity Management					
1	Cash / Cost Coverage Ratio (Excl. Unspent Conditional Grants)	1 - 3 Months	Cash and cash equivalents	12,210,203	This is the result of major creditors being paid prior to yearend, including Eskom. This ration will significantly improve in the coming months, especially summer months were the municipality is able to generate substantially more profit.
			Unspent Conditional Grants	6,837,471	
			Overdraft	11,924,753	
			Short Term Investments	-	
			Total Annual Operational Expenditure	159,169,934	
2	Current Ratio	1.5 - 2:1	Current Assets	117,736,497	Within the required norm.
			Current Liabilities	38,764,946	
D. Liability Management					
1	Capital Cost (Interest Paid and Redemption) as a % of Total Operating Expenditure	6% - 8%	Interest Paid	855,123	Within the required norm.
			Redemption	-	
			Total Operating Expenditure	159,169,934	
			Taxation Expense	-	
2	Debt (Total Borrowings) / Revenue	45%	Total Debt	15,155,681	Within the required norm.
			Total Operating Revenue	202,529,102	
			Operational Conditional Grants	58,556,675	

APPENDIX H **EMTHANJENI LOCAL MUNICIPALITY** **RATIO ANALYSIS**

30 June 2014

RATIO		NORM/RANGE	INPUT DESCRIPTION	DATA INPUTS AND RESULTS	MUNICIPAL COMMENTS
* R 000 *					
E. Sustainability					
1	Level of Cash Backed Reserves (Net Assets - Accumulated Surplus)	100%	Cash and cash Equivalents Bank Overdraft Short Term Investment Long Term Investment Unspent Grants Net Assets Share Premium Share Capital Revaluation Reserve Fair Value Adjustment Reserve Accumulated Surplus	12,210,203 11,924,753 - 21,088 6,837,471 954,480,039 - - - - 954,480,039	Currently, the municipality does not make use of 'reserve-accounting'. The significant Accumulated Surplus balance is attributable to the introduction of GRAP, and especially GRAP 17: <i>Property, Plant and Equipment</i> , which required the municipality to measure and value all assets (including land, buildings and infrastructure assets). From the information presented, it is clear that sufficient investments exists to back the unspent conditional grant portion presented in the Annual Financial Statements.
2. FINANCIAL PERFORMANCE					
A. Electricity					
1	Net Operating Surplus Margin	= or > 0%	Total Operating Revenue Depreciation - Revalued Portion Total Operating Expenditure Taxation Expense	202,529,102 - 268,922,584 -	The deficit is the result of the annua depreciation expense and the significant increase in the provision for doubtful debt.
2	Net Surplus /Deficit Electricity	0% - 15%	Total Electricity Revenue Total Electricity Expenditure	56,487,600 42,152,616	The municipality has been able to generate more profit through the sale of electricity, than the required norm with the environment.
3	Net Surplus /Deficit Water	= or > 0%	Total Water Revenue Total Water Expenditure	18,745,519 1,382,964	Within the required norm.
4	Net Surplus /Deficit Refuse	= or > 0%	Total Refuse Revenue Total Refuse Expenditure	5,705,360 -	Within the required norm.
5	Net Surplus /Deficit Sanitation and Waste Water	= or > 0%	Total Sanitation and Water Waste Revenue Total Sanitation and Water Waste Expenditure	10,301,577 -	Within the required norm.
B. Distribution Losses					
1	Electricity Distribution Losses (Percentage)	7% - 10%	Number of units purchased and/or generated Number of units sold	57,021,523 44,956,334	The distribution losses are outside the normal norm. Management has implemented processes to identify the reason for the losses.
2	Water Distribution Losses (Percentage)	15% - 30%	Number of kilolitres purchased and/or purified Number of kilolitres sold	1,814,390 1,162,846	The distribution losses are outside the normal norm. Management has implemented processes to identify the reason for the losses.
C. Revenue Management					
1	Revenue Growth (%)	= CPI	CPI Total Revenue (Previous) Total Revenue (Current)	7% 167,864,845 202,529,102	Within the required norm.
2	Revenue Growth (%) - Excluding capital grants	= CPI	CPI Total Revenue Excl.Capital (Previous) Total Revenue Excl.Capital (Current)	6% 112,903,378 143,972,427	Within the required norm.

APPENDIX H **EMTHANJENI LOCAL MUNICIPALITY** **RATIO ANALYSIS**

30 June 2014

RATIO		NORM/RANGE	INPUT DESCRIPTION	DATA INPUTS AND RESULTS	MUNICIPAL COMMENTS
* R 000 *					
D. Expenditure Management					
1	Creditors Payment Period (Trade Creditors)	30 days			Within the required norm.
			Trade Creditors	66,037	
			Contracted Services	6,985,177	
			Repairs and Maintenance	12,197,863	
			General expenses	19,750,677	
			Bulk Purchases	43,535,580	
			Capital Credit Purchases (Capital Credit Purchases refers to additions of Investment Property and Property, Plant and Equipment)	21,550,288	
2	Irregular, Fruitless and Wasteful and Unauthorised Expenditure / Total Operating Expenditure	0%			The main contributor is the overspending of votes, mainly due non-cash items such as the provision for doubtful debt and depreciation expense. Furthermore, certain weaknesses exists with the execution of the SCM Policy, resulting in irregular expenditure.
			Irregular, Fruitless and Wasteful and Unauthorised Expenditure	104,384,936	
			Total Operating Expenditure	268,922,584	
			Taxation Expense	-	
3	Remuneration as % of Total Operating Expenditure	25% - 40%			Within the required norm.
			Employee/personnel related cost	59,893,633	
			Councillors Remuneration	4,157,184	
			Total Operating Expenditure	268,922,584	
Taxation Expense	-				
4	Contracted Services % of Total Operating Expenditure	2% - 5%			Within the required norm.
			Contracted Services	6,985,177	
			Total Operating Expenditure	268,922,584	
			Taxation Expense	-	
E. Grant Dependency					
1	Own funded Capital Expenditure (Internally generated funds + Borrowings) to Total Capital Expenditure	None		673%	It is evident from this ratio, that the municipality will be able to finance the capital required to ensure that service delivery is maintained in the municipal area. This supports the going concern assumption.
			Internally generated funds	139,023,846	
			Borrowings	5,988,903	
			Total Capital Expenditure	21,550,288	
2	Own funded Capital Expenditure (Internally Generated Funds) to Total Capital Expenditure	None		645%	It is evident from this ratio, that the municipality will be able to finance the capital required to ensure that service delivery is maintained in the municipal area. This supports the going concern assumption.
			Internally generated funds	139,023,846	
			Total Capital Expenditure	21,550,288	
3	Own Source Revenue to Total Operating Revenue (Including Agency Revenue)	None		71%	Currently, 'own source' revenue is in excess of 66% of the total revenue generated. This is a clear indicator that the municipality does not rely heavily on government funding and is a going concern.
			Total Revenue	202,529,102	
			Government grant and subsidies	58,556,675	
			Public contributions and Donations	-	
Capital Grants	-				
3. BUDGET IMPLEMENTATION					
1	Capital Expenditure Budget Implementation Indicator	95% - 100%			Although the capital budget was overspent, management is of the opinion that this was required to ensure that the necessary infrastructure is developed for service delivery.
			Actual Capital Expenditure	21,550,288	
			Budget Capital Expenditure	20,834,000	
2	Operating Expenditure Budget Implementation Indicator	95% - 100%			This is the result of the annual depreciation expense and the significant increase in the provision for doubtful debt.
			Actual Operating Expenditure	268,922,584	
			Budget Operating Expenditure	183,695,000	
3	Operating Revenue Budget Implementation Indicator	95% - 100%		104%	In the 2011/2012 financial year, preliminary figures showed a decrease in the provision for doubtful debt (reversal). This was taken into account during the preparation of the 2013/2014 budget as the 2012/2013 provision (and relating entries) were not calculated (and processed). This did however not realise and
			Actual Operating Revenue	202,529,102	
			Budget Operating Revenue	194,170,000	
4	Service Charges and Property Rates Revenue Budget Implementation Indicator	95% - 100%		100%	Within the required norm.
			Actual Service Charges and Property Rates Revenue	112,572,647	
			Budget Service Charges and Property Rates Revenue	113,106,000
